ACKNOWLEDGEMENT

It is with an overwhelming sense of gratitude that I wish to acknowledge all those who made the completion of this thesis possible.

First and foremost is respected Dr. Mridula Kapoor, M.S., Associate Professor & Head, Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi for her giving me the opportunity to carry out this work under her able guidance. I am deeply grateful to her for valuable guidance, concrete and constructive suggestions, constant supervision and encouragement during the pursuit of this work. Her keen interest, meticulous attention and valuable advice made it possible for me to bring this work to the present form.

I acknowledge with deep gratitude Dr. Sunita Arora, M.S., Associate Professor and Head, Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi who, with her valuable advice and helpful suggestions played an important role in completion of this work.

I am sincerely indebted to my Co-guide Dr. Usha Agarwal, M.S., Associate Professor, Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi for her kind cooperation and helpful suggestions.

I also wish to express my gratitude to my teachers Dr. S. Sharma, MD, and Dr. S. Kharkwal, MD, Assistant Professors, Department of Obstetrics and
Gynaecology for the constant encouragement and guidance rendered by them throughout the study.

I am thankful to all my colleagues who had been a source of constant encouragement.

I wish to thank Mr. Phool Chandra Sachan for being kind enough to have typed this script.

I pay my reverence to my subjects who have formed the material of this study.

Finally, I wish to acknowledge the kind and benevolent support of my parents, their patience, affections and sacrifices have been a constant source of strength. No success of mine is apart from them and it is to them, that I dedicate this work.
