ACKNOWLEDGEMENT

This thesis is the end of my journey in obtaining my Ph.D. I have not travelled in a vacuum in this journey. This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people. At the end of my thesis, I would like to thank all those people who made this thesis possible and an unforgettable experience for me.

First and foremost, I would like to express my sincere gratitude to my research supervisor and Chairperson, Department of Studies in Microbiology, University of Mysore, Mysore, Dr. N. Lakshmidevi for her exemplary guidance, extreme patience and motivation, throughout the research work without which this thesis would not have been possible.

I am much indebted to Dr. N. G Karanth, reteard scientist, Central Food and Technological Research Institute, Mysore for their valuable advice and support in my work.

I am extremely thankful to Prof. V. Ravishankar Rai, former Chairman, Department of Studies in Microbiology, University of Mysore, Mysore, for their support.

I must offer my profound gratitude to Dr. Shubha Gopal, Former Chairperson, Department of Studies in Microbiology, University of Mysore, Mysore, for providing me constant encouragement and co-operation during my research work.

The co-operation I received from other faculty members of this department is gratefully acknowledged. I wish to thank Dr. S. Satish and Dr. M.Y. Sreenivasa for their help and encouragement.
I sincerely thank Dr. S. Mahadeva Murthy, Head, Department of Microbiology, Yuvaraja’s College, Mysore, for their help and suggestions.

I express my heartfelt thanks to Dr. S.M. Aradhya, Scientist, Department of Fruit and Vegetable Technology, Central Food and Technological Research Institute, Mysore, for their support, encouragement and inestimable guidance in my research plan.

I would like to express my heartfelt thanks to Dr. Anuradha K. Asst. Prof. in Microbiology MMC, Mysore, for the encouragement, help, motivation and support in my professional career.

Also I would like to thank Dr. Venkatesh, HOD in Microbiology, MMC, Mysore, for helping me in my research program.

Also I would like to thank Dr. K. Mruthunjaya, Asst. Professor, Dept. of Pharmacognosy, JSS College of Pharmacy, Mysore.

I am extremely thankful to Dr. Shivaprasad Huded, Asst. Prof. Dravyaguna, JSS AMC, Mysore, for providing me constant encouragement and co-operation during my research work.

Also I would like to thank Dr. Lakshmeesh Upadhya, Chairman IEC/Principal JSS AMC, Mysore for giving permission to carry out animal studies.

It is my fortune to gratefully acknowledge the support of some special individuals. Words fail me to express my appreciation to Gulnaz A. R. Asst. Prof. in Biochemistry, Farooqia Dental College and Hospital Mysore and Dr. K. Sumana Asst. Prof. in Microbiology JSS college, Mysore for their support, help throughout.

I would like to thank the people of K.R. Hospital, Mysore for their co-operation and help during sample collection.
Finally, I thank with love to my husband Mr. J Gowrish and my daughter Praanthi S. Gowrish and My son, a great companion who understood me and my work, accompanied as a friend, supported, encouraged, entertained and helped me get through this agonizing period in the most positive way.

I am forever grateful to my parents, Khandera shetty and Mrs. Shardha who taught me the value of hard work. They rendered me enormous support during the whole tenure of my research. The encouragement and motivation that was given to me to carry out my research work is unforgettable.

I would like to thank to my sisters Uma Devi K. S, Roopa K. S and Anitha K. S, and my brother Sreenivasa raj K. S and for their constant support and also rendering me the sense and value.

Acknowledging would be incomplete if I do not thank my in-laws Thandvamurthy, Suryanarayan, Narendra and Arudathi their support and encouragement.

I also want to thank my kids Tushar S. R, Janhavi neeaja, Harshit, Vijay and Rithvick Raj for their support who provided an additional joyful dimension in our life.

I cannot forget my good friends who stood beside me in hard times together, cheered me on and celebrated each accomplishment Gayathri, Pushpalatha, Shobha, Reva, Mangula, Dr. Somashaker and Chandrashaker.

I acknowledge the co-operation and help of Dr. K. S. Divya in proof reading of my thesis.

I express my deep gratitude to Dr. RAJESH.N Biomaterial Scientist Dept. of Bio Medical Sciences Sushrut Hospital & Research Center Mumbai and UMA. N Asst. Professor, BGS, international foundation for health Sciences, Mysore.
I express my deep gratitude to Dr. Kumar and Miss Girija for their kind support, guidance, and valuable suggestion.

In my opinion, doing a Ph.D. is a sacred task and this was definitely one of the best decisions of my life. Additional energy for this research was the opportunity to meet many good friends. I wish I would never forget the company I had from my fellow research scholars of my department. In particular, I am thankful to whose constant support made my work easy. Ajith, Ramya Premanath, Sowmya, Ramya Urus, Kavitha, Nagaraj, Deepa, Syadh, Rakshith, Avinash, Pradeep, Jamuna, Chaitra, Sangeetha, Vinith, Dorin, Bhaghashree joyshi, Neavadhitha Prakash, Siddhagowda, and Finally, I would like to thank all, whose direct and direct support helped me in completing my thesis.
