Acknowledgements

The work presented in the thesis has been done under the able guidance of Prof. P.N. Srivastava, Head, Department of Mathematical Sciences & Computer Applications, Bundelkhand University, Jhansi (U.P.)

I place my indebtedness and profound sense of gratitude to my research supervisor Prof. P.N. Srivastava, for his keen interest enviable encouragement, inspiring guidance and very affectionate behaviours during the present course of investigation.

I am grateful to my principal Dr. U.P. Singh, who provided prompt helps for every work, related to research.

I am also thankful to my college colleagues Dr. K.K. Srivastava, Head, Department of Mathematics, Dr. T.K. Sharma, senior lecturer in Botany, Dr. Mohammad Ayub Ansari, senior lecture in Chemistry, who have been a constant source of inspiration during the course of my research work.

I also take the opportunity to express my profound gratitude towards my parents, Sh. S.C. Agrawal and Smt. Saroj Agrawal, as well as towards my parents in law Sh. R.N. Gupta and Smt. Sushila Gupta for their great blessings and their unbounding support during the course of my research work.

My acknowledgement won't be complete if I forget to thank my brother, sisters, brothers in law and sister in law for their help and suggestions during preparation of thesis.
In the last but not the least, I express my sincere thanks to my wife Dr. Seema Agrawal, who motivated me for research work, during the whole period of my research.

A special word of thanks goes to Mr. Firoz Khan. (M/s Print Palace) and Mr. Shahjad for typing and setting the manuscript accurately.
