ACKNOWLEDGEMENTS

I would like to express my deepest sense of gratitude to my guide Dr. M.L. Narwade, Reader in Chemistry, Govt. Vidarbha Mahavidyalaya Amravati for his valuable guidance extended towards me regarding profundity of problem, conception of strategy of experimental work and interpretation of result thereof. I am indebted to him for his valuable suggestions from time to time in the preparation of this thesis.

My sincere thanks are to Principal Government Vidarbha Mahavidyalaya for providing all necessary facilities from time to time. I am very thankful to Dr. M.M. Chincholkar, Head Department of Chemistry, Government Vidarbha Mahavidyalaya, Amravati for his valuable suggestions during my research work.

I pay my respect to Prof. P.K. Patil, Ex-Director and Prof. N.B. Pasalkar, Director of Technical Education, Mumbai (M.S) for granting me the permission for research work and for providing necessary facilities time to time.

The words are inadequate to express my gratitude to F.A. Khan, Principal Govt. Polytechnic, Gadchiroli for his kindness towards me regarding various administrative matters linked with research work.

I would like to thank to prof. N.N. Shende project officer, community Polytechnic, Govt. Polytechnic Gadchiroli and prof. B.R. Barasinge, Head of Deptt. of science & Humanities, Govt. polytechnic Gadchiroli who instilled in me the spirit of scientific inquiry oblitering me every sort of facility. They are my constant sources of inspiration.

It is my pleasure to acknowledge the cooperation of Dr. M.G. Joshi, Dr. K.N. Wadodkdr, Dr. T.H. Mahske, Dr. A.R. Raut, Prof. A.S. Wankhede, Dr. B.G. Khobragade, Dr. Soni, & prof. R. D. Satpute, Deptt. of Chemistry, Government Vidarbha Mahavidyalaya Amravati and Dr. V. S. Jamode, Prof and Head, Department of Chemistry, Amravati University Amravati.

I will be failing in my duties if I do not mention about Dr. B. G. Khobragade who has painstakingly read the whole manuscript and made many valuable suggestions.
I take this opportunity to thank prof. S. S. Bambole, prof. S.S. Zape, prof. V. N. Raut, Prof. S. W. Rajurkar, prof. G. R. Choudhary, prof. G. R. Dewalkar, prof. M. K. Panchwate, prof R. M. Walke, prof A. R. Sheikh, prof. K.N. Undirwade, Mr. B.K. Khobragade, Mr. Gadappa, Mr. Dayalpawar, and prof. R.P. Barhate, Head of Deptt. of Civil engg. my colleagues and all students of Govt. Polytechnic, Gadchiroli, whose contact always created a pleasant environment for my research work.

I am also thankful to Mr. O.G. Deshmukh and Mr. S.D. Chavan and all the non-teaching staff and research colleagues of Deptt. of Chemistry, V.M.V. Amravati and Mr. A.T. Telmore, Mr. C.B. Kambale and Mr. V.U. Rewatkar for their cooperation during my research work.

I am thankful to Mr. Shailesh R. Dhote, Tejaswini D.T.P. Centre Gadchiroli, for punctuality and accuracy in typing of this thesis and prof. S. S. Bambole, for tracing the graphs.

I am very much thankful to prof. V.A. Tabhane who have provided me the guidance and laboratory facilities specially for ultrasonic. My sincere thanks go to prof. A.M. Khan (Workshop superintendent) Govt. polytechnic Amravati and Mr. R.M. Tiwari (Hostel clerk) who have provided me the hostel facilities during my research work.

Finally my special thanks go to my mother Chandrabhaga who brought me up to this level in a critical conditions and my wife Sau-Sanghmitra and loving kids Neha & Nihal for their encouragement, patience and understanding. I must mention my thanks to my brother-in-law Milind, Suresh and Ramesh Onkar.

And last but not least I am very much thankful to all of those who has helped and encouraged me directly or indirectly to bring this work in a shape.

P.J. Sondawale
