Acknowledgement

I express my profound sense of gratitude to my teacher, research guide and mentor Dr. J. PRAMODA KUMARI, Assistant Professor, Department of Microbiology, Sri Venkateswara University, Tirupati for her in comparable supervision, patience, highly valuable and critical discussions and constant encouragement with respect to the fascinating topic of my research suggested by her. I am highly thankful to her for constant support and protection through-out my research period. Words are not enough to express my feelings towards her for laying the foundation and for molding my research career.

I express my heartfelt thanks to Prof. D.V.R. SAI GOPAL, BOS, former Head, Department of Microbiology, Sri Venkateswara University, Tirupati, for giving good environment and support for completion of my research work successfully.

I wish to express my sincere thanks to Dr. CH. PARAMAGEETHAM, Head, Dept. of Microbiology, for providing the necessary facilities.

I would like to thank with pleasure to Prof. M.N. REDDY, Emeritus Scientist, Dept. of Microbiology, S.V.University, for his encouragement.

I express my heartfelt thanks to Sri. N. CHANDRASEKHAR NAIDU, for his encouragement and moral support.

I would like to thanks to Dr. Ulrich Sonnenborn. Ardeypharm GmbH, Germany, for providing EcN Strain.

I would also like to express my thanks to Dr. S. RAJAGOPAL, Assistant professor, Department of Plant Science, School of Life Science, University of Hyderabad. Dr. MOUNICA technical incharge, Mrs. KALPANA technical assistant in Proteomics lab, University of Hyderabad. For their help in the analysis of 2-D gel electrophoresis, MALDI-TOF/MS.

I express my sincere thanks to Dr. B. SAROJAMMA, Department of Statistics, Sri Venkateswara University, Tirupati, for their constant support, encouragement and helpful discussions throughout my research studies.
I thank my fellow lab mates Ms. B. Sreedevi, Dr. P. Seshapani, Mr. A. Dileep, Ms. S. Sreevani, Ms. D. Lebonah and Mr. Venkata Prasad for their stimulating discussions.

It is my pleasure to acknowledge the cheerful company and assistance of my research colleagues, Syed. Shameer, N. Venkateswarlu, D. Subramayam, G. Murali, Dr. D. Amarnath Reddy, Y. Ashok, Ch. Seshendra Reddy, B. Sankara Reddy, G. Karthik Kumar Reddy, A. Rammohan, R. Dakshayani, B. Sreenivasulu, K. Jaya Kumar, D. Chakravarthy, A. Janardhan, A. Praveen Kumar, B. Praveen Kumar, Dr. B. Viswanath, Mr. Papayya, Dr. A. M. Anthony Johnson, B. Lakshmi, Ms. Sowmya, Ms. Sumathi, Mr. Harsha Vardhan Reddy, Mr. Sunil, Mrs. Meera, Mr. V. Swaroop Kumar, Mr. Sreekanth, Mr. Vishnuvardhan and Mr. Soma Sekahr for their encouragement and help at times of need.

I express my sincere thanks to Non-teaching staff, especially Mr. C. B. Chinnabba, Department of Microbiology, Sri Venkateswara University, Tirupati.

I am highly indebted to my parents Sri. K. Seenaiah & Smt. K. Ramadevi and all my family members for their moral support and affectionate encouragement.

Finally, I express my gratitude to the authorities of SRI VENKATESWARA UNIVERSITY for providing the necessary facilities.

Last but not least, I am highly thankful to one and all that helped me directly or indirectly during the tenure of my research work.

(K. Chandrasekhar)
