

ACKNOWLEDGEMENT

Can words express the heartfelt feelings gratitude? Words are too weak to mould the expression of one's deep feelings. As the intensity of our sentiments deepens, we find no words and fail to express them. There should be better words than thanks.

First and foremost with profound sense of gratitude I wish to convey thanks to my respected supervisor **Dr. Alpna Agarwal**, Lecturer, Dept. of Psychology, Ch. Charan Singh University, Meerut. It is her invaluable guidance, constant encouragement, keen interest and moral support that has been responsible for the successful completion for this research work. There were several difficulties from time to time, which looked insurmountable but her influencing co-operation, assurance and valuable suggestions always supported me during the dark house. I will always be obliged to her, because without her faith and perseverance in me, the work would have not been completed.

I am also thankful to **Prof. R.S. Agarwal**, Head, Department of Psychology, Ch. Charan Singh University, Meerut for his cooperation.

I am also grateful for the keen interest, valuable words and the guidance given by **Prof. S.N. Rai**, Professor Emeritus, Dept. of Psychology, Ch. Charan Singh University, Meerut. His valuable suggestions have worked as a boon for my thesis. My heartfelt thanks are also extended to **Prof. Beer Singh**, Dept. of Psychology, Ch. Charan Singh University Campus, Meerut for his motivational

discussion time to time. I also want to express my sincere gratitude to **Dr. Sanjay Kumar** and all the faculty members of the department.

I find it really hard to express my gratitude to my parents. They have always been a source of inspiration, and without their help and guidance it was not possible for me to complete this research work. My very special thanks goes to my loving siblings (**Ritesh, Surekha** and **Neha**) whose wide ranging discussions were always an inspirational source for my work. I am also thankful to my uncle **Jitendra Singh Tomar**, for his inspiration and cooperation.

I thank my seniors and loving friends, **Manisha Di, Anita Di, Anshu Di, Meha Di, Madhu Di, Pooja Di, Veneta, Deepti, Depali, Neetu, Shalini, Himanshi, Manish** and other friends. Their support has provided the fuel to my fire in completing this research work.

Thanks are also extending to a large group of doctors and nurses from various hospitals for giving their valuable time and cooperation. Finally, I would like to thank all, whose direct and indirect support helped me completing my thesis in time.

Lastly, I express my appreciation for **Mr. Vinay Agarwal** (*Navneet Commercial, Tej Garhi, Meerut*) for clean typing of this thesis.
