

LIST OF FIGURES

- Fig.1 Production of pulses (in million tons)
- Fig. 2 Production of food grains (in million tons)
- Fig. 3 Effect of EMS on seed germination, plant survival and pollen fertility in M₁ generation of chickpea (*Cicer arietinum* L.) var. GNG-469.
- Fig. 4 Effect of MMS on seed germination, plant survival and pollen fertility in M₁ generation of chickpea (*Cicer arietinum* L.) var. GNG-469.
- Fig. 5 Effect of EMS on seed germination, plant survival and pollen fertility in M₁ generation of chickpea (*Cicer arietinum* L.) var. BG-372.
- Fig. 6 Effect of MMS on seed germination, plant survival and pollen fertility in M₁ generation of chickpea (*Cicer arietinum* L.) var. BG-372.
- Fig. 7 Meiotic abnormalities induced by EMS and MMS in M₁ generation of chickpea (*Cicer arietinum* L.) vars. GNG-469 and BG-372.
