

Pratt W K., 1975: Median filtering, Semiannual Report, Image Processing Institute, University of Southern California, pp. 116-123.

Xiaoyin Xu and Eric Miller, 2002, Adaptive two pass median filter to remove impulsive noise, Eric Miller, IEEE.

LIST OF PUBLICATIONS

The thesis is based on the following published / communicated papers (in collaboration with Dr.K.Somasundaram)

3. A statistical analysis of pixels involved in different noise levels, Intelligent Optimization Modeling, Allied Publisher Pvt. Ltd., New Delhi, pp. 127-133, 2006

4. Modified standard median and center weighted median with threshold, 6th National Conference on Recent Trends on Advanced Computing, Manonmaniam Sundaranar University, Tirunelveli, India, 2006

6. Adaptive Iterative Median Filter with Threshold (Communicated to ICGST International Journal on Graphics, Vision and Image Processing)
