Acknowledgements

I wish to express my deep sense of gratitude to my esteemed supervisors Dr Sachin Maheshwari, Professor and Head, Division of Manufacturing Process and Automation Engineering, Netaji Subhas Institute of Technology (University of Delhi) and Dr Chitra Sharma, Associate Professor and Head, Department of Mechanical and Automation Engineering, Indira Gandhi Institute of Technology (Guru Gobind Singh Indraprastha University) whose encouragement, guidance and support from the initial to the final level enabled me to develop an understanding of the subject. Their ability to provide beneath the text is a true gift and their insight has strengthened the study significantly.

I am highly indebted to Dr Sachin Maheshwari for making available his support in a number of ways right from procurement of research material, carrying out experiments to the preparation of report. He has always been a great source of inspiration and motivation to me throughout the work. He has great human values apart from his wide knowledge of subject and logical way of thinking. Dr Sachin is also acknowledged for the critical reading of this manuscript. For Dr Sachin, all I can say is that he has been (and will always be) much more than just a supervisor to me.

I owe my deepest gratitude to the family members of Dr Sachin Maheshwari, especially to Mataji and Mrs Monika Maheshwari who made me feel comfortable at their house during my visits even on weekends. Their hospitality during discussions with Dr Sachin Maheshwari is warmly acknowledged. I offer my blessing and thanks to Adya and Shreyas, the loving children of Dr Sachin Maheshwari for sparing him for fruitful discussions with me when it was a fun time for them.

I extend my thanks to Prof Nupur Prakash, Dean, University School of Engineering and Technology, Guru Gobind Singh Indraprastha University for her help and support.
I am grateful to **Prof Yogesh Singh**, founder Dean, University School of Engineering and Technology and Controller of Examination, Guru Gobind Singh Indraprastha University who has helped me in many ways right from registration of my Ph.D. to the completion of this report.

I wish to thank **Prof B. V. Ramana Reddy**, Dean, University School of Information Technology, Guru Gobind Singh Indraprastha University for his help and support during my research work.

I extend my thanks to **Mr Anil Kumar** and **Mr Naveen Beri** of Department of Mechanical Engineering, Beant College of Engineering and Technology, Gurdaspur (Punjab) for their help in carrying out experiments in their lab at B.C.E.T., Gurdaspur.

Special warm and sincere thanks to **Dr Pravin Chandra**, Associate Professor, Institute of Informatics and Communications, University of Delhi, South Campus who has been a great source of inspiration to me. He is warmly acknowledged for his fruitful discussions on neural networks and help in simulation work. I must appreciate his wide knowledge on neural networks and applied mathematics. He indeed is a great human being. I wish to learn many things under his company in future.

I would like to thank my colleagues **Dr C. S. Rai**, **Mr Amit Prakash Singh**, **Mr R. Ramakishore**, **Mr Udayan Ghose**, **Mr Sartaj Singh Sodhi** and **Mr Ashish Payal** for their help and support during these years. Special thanks to **Mr Amit Prakash Singh**, **Mr R. Ramakishore** and **Mr Sartaj Singh Sodhi** whose company always made me feel relaxed and stress relieving during the research work.

My acknowledgements would not be complete if I do not thank my supporting staff **Mr Saurabh Mishra**, **Mr Ritesh Mahajan**, **Mr Brij Mohan**, **Mr Ganesh**, **Mr Gyan**, **Mr Om Prakash** and **Mr Manoj**. They all have been very supportive.
I thank my parents Smt Ganeshwati and Mr Lekh Ram Singh, my brothers Mr Rajendra Singh Bharti and Mr Sourabh Bharti for their best wishes and taking care my wife and son when I was not at home for my research work. I also thank my sisters Mrs Kiran, Dr Bhawna and Mrs Meenu for their best wishes and motivation.

Last but not the least, I express my most heartful acknowledgements to my wife Naina and our beloved son Soham for their love, patience and encouragement. Inspite of having lost a lot of good times due to my research work, they showered their love and affection throughout the work.

Lastly, I offer my regards and blessings to all of those who supported me in any respect during the completion of the work.

Most importantly, I thank the almighty for everything in my life.

(Pushpendra Singh Bharti)
