ACKNOWLEDGEMENTS

I must take this opportunity to express my deep sense of gratitude to all those who helped and encouraged me to complete this work.

First of all, I thank Dr. S. K. Sharma, the guide and adviser of the project, for his vision, sincere guidance and supervision of the research work right from the initial stage to the binding of the thesis. I cannot thank him enough.

Second, I must thank the Himachal Police and especially the policewomen, for all their co-operation and sparing their valuable time for personal interview.

I express my sincere appreciation and thanks to Nikhil Suri and Dr. P.K. Ahuja for making their computers readily available to me.

Thanks to, Mr. Sandeep Sharma of Naman Computers who had the task of converting over 200 pages of data and text into a format that could finally be printed in the shape of this thesis.

I would like to thank my father for his sincere concern and very useful ‘clippings’ from the newspapers. I also want to mention my daughter, Saijal, for being patient and cheering me often. Finally my husband, Sunjeev, should be acknowledged for his steadfast support.
