ACKNOWLEDGEMENTS

Successful completion of this thesis cannot be journey of a few years of research. This journey of learning starts from matriculation of person. And from birth, many hands help you to learn, many mind let you know, many legs let you walk. I take a great pleasure in expressing my heartfelt gratitude to all my respected teachers. I express my first thanks to my first teachers i.e., my parents Raj Jha- G. C. Jha who have supported me in every possible way to see the completion of this work. I express my next thanks to my school and UG time teachers especially Dr. Virender Punj, Subhash Nagpal, Ashwani Goel, R. K. Singla and Mukesh Gupta (S. D. School/S. D. College, Panipat, Haryana (INDIA)) apart from my uncles (B. M. Jha and Bh. K. Jha), whose efforts were very instrumental in understanding of basic science. I am also thankful to my PG teachers especially Prof. S. K. Trikha, Prof. S. Anapoorni and Prof. R. Singh (University of Delhi, Delhi (INDIA)). But the two persons without whom this journey would be different are B. K. Jha and Dr. Anupam Arora.

I am truly obliged to Dr. R. K. Dwivedi, who was my mentor throughout this journey. He took great care and keen interest to revise each work meticulously and gave valuable suggestions. He has been my support system in carrying out the research work.

I am thankful to Prof. D. K. Rai, (Head, PMSE Dept.), Prof. Padam Kumar (Dean, R/I), Prof. Krishan Gopal (Dean, A/R) and Prof. S. C. Saxena, Vice Chancellor, JIIT Noida-UP (INDIA) for their generous support and providing ample infrastructure to carry out the research work.

I am extremely grateful to Prof. A. K. Jha (DTU, Delhi) and Dr. K. Asokan (IUAC, N. Delhi) who has provided me constant motivation and competent advice in my academic quest.

I would also like to convey my extreme thanks to the Dr. Vivek Dwivedi (ECE department), faculty members of PMSE department and DPMAC for their time to time suggestions and support.

I am also gratified towards Defence Research and Development Organisation DRDO, India, for providing financial assistance through project (DRDO Project No. ERIPR / ER / 0803744 / M / 01/1246).

My colleagues, associates and friends continuously influenced me in a positive
way and have an important impact on my thinking. I will always remain grateful to them for their support. I think myself to be fortunate to have friends like Dr. Pawan Kumar, Dr. Kuldeep Mishra, Sourabh S Pundir, Dr. Vikash Singh, Dr. Subhash Sharma, Dr. Prateek Varshney, Dipti Maikhuri, Dr. Prakash C Sati, Dr. Vineet Tiwari, Sunil, Anshuman Sahai, Kuldeep Katiyar, Dr. Snehlata Yadav, Dr. Gajendra B Singh, Rajkumar, Sunny, Dr. Sugandha and lab support from Kailash Pal and T K Mishra, I would like to mention name of my friend, Munish Verma and Dr. Raj K Verma, whose selfless support, was incredible. I would also, like to extend my thanks to all those persons who have directly or indirectly supported me for the purpose.

I owe a lot to my family who longed to see this achievement come true especially my younger brother, Pankaj, Who must be happy to see it from heaven. I am also thankful to my in laws (Mamta and Arun Gandhi) for their support and encouragement. I will give my heartfelt gratitude to my beloved soul-mate, Dr. Priyanka A Jha for her never ending encouragement, unfailing love, sacrifice and patience that have backed me up to keep moving on. This feat was possible only because of her inspiration and unconditional support. I am also thankful to my daughter, Yubhashna, whose cheerful and innocent activities always keep stress at the bay during this period.

Above all, I owe it all to Almighty Nature for granting me the wisdom, health and strength to undertake this research task and enabling me to its completion.

Pardeep Kumar
