ACKNOWLEDGEMENT

The author's heartfelt thanks are due to Dr. K.R. Radhakrishnan, Professor of Physics, Government College (Men), Kumbakonam, who as Research Advisor has taken extreme care in the investigation process and the procedure adopted.

It is with great pride, immense pleasure and profound sense of gratitude, the author acknowledges the keen interest, deep insight and inspired guidance of his Research Co-Advisor Dr. P. Ramasamy, Vice-Chancellor, Alagappa University, Karaikudi, (The then Director, Crystal Growth Centre, Anna University, Madras) who has been instrumental in introducing him to this subject, whose amazing fore-thought, towering wisdom and scientific aptitude have seen him through the entire course of this study.

Special mention must be made of Dr. C. Subramanian, Director, Dr. K. Baskar, Dr. R. Jayavel and Dr. S. Balakumar of Crystal Growth Centre, Anna University, Madras.

Dr. R. Dhanasekaran, Professor of Physics, Crystal Research Centre, Alagappa University, Karaikudi.

And Dr. S. Sivanesan, Istituto Fisbat-CNR, Italia for their scientific support and constant encouragement they have offered the author.
Thanks are due to Dr. Delano Barnabas Ilango, Prof. (Major) K. Rajasekaran Controller of Examinations, Prof. K.C. Srinivasan, Prof. R. Pattabiraman and all the colleagues of department of Physics, Government College, Kumbakonam for their stimulating suggestions to carryout this research work.

The author expresses his sincere thanks to Prof. M. Narayanasamy, HOD of Physics, Dr. (Selvi) N. Vanajakshi, Principal, Government College, Kumbakonam and The Commissioner of Collegiate Education, Tamilnadu, for their Scientific support and for granting permission to do part-time research.

The author will be failing in duty if he does not thank his wife Mrs. Lalitha, son Master. Hari Prasad and daughter Baby Poorna Suganya for the forbearance, help and encouragement they have offered.

Finally the author thanks Dr. P.H. Anand, Lecturer in Geography, who has helped a lot to prepare this thesis. And thanks are due to Mr. G. Muruganandam of Sri Venkateswara Computer Centre for the neat and perfect typing of the thesis.

Lastly the author extends his eternal thanks to “The Almighty” who has given a shape and life to his long cherished dream.

T.RADHAKRISHNAN
