Acknowledgement

This thesis is so far the significant-most scientific accomplishment in my life and it would not have been possible for me to achieve such an accomplishment without the support and encouragement of some people who have helped me directly or indirectly. So, it is my proud privilege to acknowledge all such people for their kind help, support and encouragement.

At the outset, I owe immense pleasure in honouring and expressing my deep sense of respect and heartfelt gratitude to my Research Guide, Dr. S. D. Sharma, Scientist-C, Silkworm Pathology Section, Central Sericultural Research and Training Institute, Mysore for his talented guidance, constant encouragement, ever extended help and perseverance throughout the study. His constant inspiration, judicious suggestions and insightful comments helped me to complete this onerous task successfully. His sound words of advice will inspire me throughout my life and I am indeed highly indebted to him for his substantial support.

My profound gratitude is due to Dr. S. M. H. Qadri, Director, Central Sericultural Research and Training Institute, Mysore for his kind support and for providing me the necessary research facilities. I also express my heartfelt thanks to Dr. S. B. Dandin and Dr. C. K. Kamble, former Directors, Central Sericultural Research and Training Institute, Mysore for their encouragement and for providing me an opportunity to undertake this work. I also extend my thanks to Chairman and Member Secretary, Central Silk Board, Bangalore for extending the requisite research facilities.

I profusely thank Dr. B. Nataraju, Divisional Chief-Sericulture/Sectional Head, Dr. M. Balavenkatasubbaiah, Dr. P. Sudhakara Rao, Mr. K. Chandrasekharan, Mr. A. R. Narasimha Nayaka and Mrs. Nisha Gopal, Scientist-C, Silkworm Pathology Section, Central Sericultural Research and Training Institute, Mysore for their novel thoughts, valuable suggestions, timely help and encouragement during the course of the study. I also extend my sincere thanks to my senior/fellow colleagues, Dr. Shabir Ahmad Bhat, Mr. Irfan Illahi, Mrs. T. S. Sowmyashree and Ms. M. Mamatha for their generous help, support and co-operation.

I am highly indebted to Mr. J. Justin Kumar, Technical Assistant, Silkworm Pathology Section, Central Sericultural Research and Training Institute, Mysore for his kind suggestions and for extending tireless help in aligning and formatting the thesis. It is because of his DTP support that the thesis has come to the present shape. My sincere thanks are also due to Mr. K. Vasantha Kumar, Mr. G. N. Prabhuswamy, Mr. M. Ramesh and Mr. N. Nanjundaswamy, Technical Assistants, Silkworm Pathology Section, Central Sericultural Research and Training Institute, Mysore for their kind help. I must remember with gratitude the help provided to me by Sri Y. K. Ramaiah, Sri N. Pappana, Sri Nanjunda, Sri Manchotam, Smt. S. C. Radha and Smt. Thungamma, Silkworm Pathology Section, Central Sericultural Research and Training Institute, Mysore.

I have a great pleasure in expressing my deep sense of respect and gratitude to Dr. A. M. Babu, Scientist-C, Electron Microscope Unit, Central Sericultural Research and Training Institute, Mysore for helping in Electron Microscopy work. My profound sense of gratitude is also due to Mr. A. K. Palit, Assistant Director,
Economics, Central Sericultural Research and Training Institute, Mysore for extending his kind help for statistical analysis of data. I also put forward my sincere thanks to Mr. M. V. Rao, Scientist-C, PMCE Section, Central Sericultural Research and Training Institute, Mysore for his kind help and support. I am also highly thankful to Mrs. Sandhya, Library Information Officer and other members of the Library staff, for extending the necessary Library facilities.

With all due respect, I express my great sense of indebtedness to Dr. Mala V. Rajan, Divisional Chief, Moriculture, Dr. S. Nirmal Kumar and Dr. M. A. Shekhar, Scientist-D, Central Sericultural Research and Training Institute, Mysore for their valuable suggestions. I am also highly thankful to Dr. R. K. Rajan, Dr. H. K. Basavaraj, Dr. N. B. Vijayaparaksh, Dr. R. G. Geetha Devi and Dr. B. K. Karriappa, Former Joint Directors, Central Sericultural Research and Training Institute, Mysore for their valuable suggestions.

I feel it my pleasure to express my profound sense of gratitude to Dr. B. K. Chandrasekhar Sagar, Assistant Professor and other members of the Scientific and Technical Staff, Electron Microscope Unit, Department of Neuropathology, National Institute of Mental Health and Neurosciences (NIMHANS), Bangalore for extending the laboratory facilities to carry out the Transmission Electron Microscopy work.

I express my deep sense of gratitude to Prof. G. Subramanya, Chairman, Board of Studies, Prof. (Retd.)Y. Srinivasa Reddy, Dr. D. Manjunath, Dr. Basavaiah, Dr. T. S. Jagadeesh Kumar, Dr. B. Sannapa, Dr. R. S. Umakanth and Mr. Anil Kumar, Department of Sericulture, University of Mysore, Mysore for their valuable suggestions and encouragement.

It gives me immense pleasure to express my special thanks to Dr. Manju Sharma for her timely encouragement, valuable suggestions, fruitful advices, love and affection. I am also highly thankful to Dr. Deepti Sharma, Dr. Ashish Sharma, Baby Urshita, Mrs. S. Shruti and Mr. M. Muralidhara for rendering their indirect help and support to me.

I am extremely thankful to Mr. B. Prasannakumar and Mrs. L. V. Vanitha for their best wishes and for providing me all the necessary facilities during my stay as a tenant in their house. I am also highly thankful to Mr. Muralidhara and Mrs. Radha for their timely help and support.

Keeping a separate space in my heart, I would like to thank my dearest friends, Fozia and Ruchita for their support and encouragement. I am also thankful to my other friends, Fozia, Trannum, Anjum, Afshan, Shahnavaz, Aabid, Asma, Firdose and Esha for their encouragement and best wishes.

I would also like to thank all my uncles, aunties and cousins for their support and encouragement. Also, from the innermost recess of my heart, I put forward my deep sense of honour and gratitude to my paternal grandparents, Late Haji Gh. Nabi Khan and Late Nadira Begum and maternal grandparents, Late Haji Gh. Rasool Misger and Late Fatima Begum for having blessed me with their best wishes on account of which I could attain this stage in my life and I pray their souls may always rest in peace in Heaven.

With all my love, I thank my dearest sisters, Mrs. Rifat Riaz and Dr. Irfana, my brothers-in-law, Mr. Riaz Ahmad and Dr. Masood Ahmad, my elder brother, Haji Khan Fauad Bashir, my sister-in-law, Mrs. Sheenu Fauad, my younger brother, Khan Owais Bashir, my nephews, Ruman Riaz and Jeezan Riaz, my niece, Hazia Fauad,
Ainul Saba and Aifa Rani Jigru for their constant support, cooperation, encouragement and best wishes.

It may not be possible for me to express in words the depth of my gratitude to my respected and ever loving parents, Hajiya (Mrs) Mubeena Bashir and Haji (Dr.) Bashir Ahmad Khan whose unconditional love, affection, care, blessings, sacrifices, constant encouragement and all sorts of support has made me to achieve this highly desired accomplishment. I am highly grateful to them for providing me all the treasures of this world without any dearth in any regard.

At last but not the least, I bow my head in front of Almighty Allah and thank Him for bestowing His blessings on me because of which I could complete this whole task successfully.

Date:                                                                                                         IFAT BASHIR
