ACKNOWLEDGEMENTS

I sincerely express my profound gratitude to Dr. M. V. Rao, Professor, Department of Plant Science, Bharathidasan University, Tiruchirappalli for his inspiring guidance and constructive criticisms throughout the tenure of this investigation which have made this thesis a fruitful reality. His complete trust and explicit style of functioning inspired me to work with utmost pleasure and freedom. I am grateful to him for the time he had devoted to this task.

I am thankful to Dr. K. V. Krishnamurthy, Professor and Head, Department of Plant Science, Bharathidasan University for providing needed facilities during the course of investigations.

I acknowledge my heartfelt gratitude to Dr. N. Jayabalan, Professor, Department of Plant Science, Bharathidasan University, Tiruchirappalli, for his constant and valuable suggestions as a doctoral committee member.

I like to express my sincere thanks to, Dr. B. D. RanjithaKumari, Reader, Mrs. A. Lakshmi Prabha, Dr. M. Sathya Bama, Lecturer, Department of Plant Science Dr. T. Senthilkumar, Lecturer, Dr.A.S.Rao, Professor of Biotechnology and Faculty members, School of Life Sciences, Bharathidasan University, Tiruchirappalli.

My sincere gratitude goes to Dr. Srikanth Chakradhar, Research associate, Dept. of Physics, Indian Institute of Science, Bangalore for providing Berberine standard.

My thanks to my lab seniors Dr. S. Arumugam, Dr. N. Komalavalli, Dr. M. Jeyaseelan, Dr. S. Alagumanian for their assistance and help.

I like to express my sincere thanks and profound gratitude to Mr. V. Kumeresan, Mr. A. Bakurudeen Ali Ahmed, Mr. T. Gouthaman, Miss. A. R. Lavanya, Mr. M. Senthil Kumar, Mr. G. Babu, Miss. M.S. Kavitha for their immense help at all time needed.
I take this opportunity to thank my dear friends Dr. A. Muthusamy, Dr. Ramanathan, Dr. G. V. Kumar, Dr. N. Ravichandran, Dr. K. Vasanth, Mr. B. R. Chandrasekar for their help during my research.

I sincerely thank to the scholar friends Dr. R. Siva, Mr. R. Ravi Shankar, Mr. P. Baskaran, Mr. M. Ganesan, Mrs. Ghanesh Kumari, Mrs. Banumathi, Mr. M. D. Saravanamurthy (Plant Science), Mrs. Seethalakshmi Balamurugan, for their help and moral support.

I am thankful to Mr. M. Venkatesh, Technical Officer, Mrs. A. T. Vasantha, Mr. Mamundy, Mr. Diravia dass and Staff members, Office of the Department of Plant Science, Bharathidasan University for their timely help.

I am grateful to Dr. S. Govindu, CECRI, Karaikudi, for carry out the HPLC analysis.

I acknowledge M/s Super Colour lab, Sun Studio, ASP Computer centre for the typing and photographic work presented in this thesis.

My thoughts go to my family members for their essential logistical help, encouragement, inspiration, advice and moral support for the successful completion of this thesis.

K. MRIDULA
