

Acknowledgements

At the outset, I wish to place on record my deepest sense of gratitude and sincere thanks to my supervisor Dr. P. B. Raghuwanshi, Reader in Chemistry, Brijlal Biyani Mahavidyalaya, Amravati for his valuable guidance and encouragement given to me during the course of this work.

I am also greatly indebted to Dr. A. G. Doshi, Head, Department of Chemistry and Dr. M.L. Narwade, Coordinator, Vidyabharati Mahavidyalaya, Amravati, for their timely suggestions.

I have a special feeling of gratitude and gratefulness to Dr. D.T. Tayade, Reader in Chemistry, Mahatma Fule Mahavidyalaya, Warud for his remarkable generosity in making very incisive and insightful suggestions while scripting this thesis. Dr. V.S. Deogaonkar (Retd.) Head, Department of Physics, Shri Shivaji Science College, Amravati has carved my knowledge without a shadow of doubt. So I bow to him with deep reverence.

I am highly indebted to Shri. Anil W. Hood, Principal, Lokmanya Tilak Mahavidyalaya, Wani who is like the guardian angel to me. It is his graciousness and inspirations that really guided me to undertake the present mission.

I sincerely express my thanks to Shri. Vijayrao Mukewar, President, Shikshan Prasarak Mandal, Wani, Shri. A.V. Deshpande, Principal, SSSKR Innani Mahavidyalaya, Karanja (Lad), Dr. K.N. Patil, Principal, Vidyabharati Mahavidyalaya, Amravati for providing me with facilities to carry out this work.

I must appreciate the co-operation extended by Dr. A.W. Raut, (Retd.) Head, Department of Chemistry, Shri Shivaji Science College, Amravati Dr. S.P. Wagh and Dr. R.M. Jumle, Department of Chemistry, Shri Shivaji Science College, Akot, Dr. C.N. Deshmukh and Dr. P.S. Bodkhe, of Department of Chemistry, Vidyabharati Mahavidyalaya, Amravati and Dr. P.R. Rohankar, Reader, Department of Chemistry Jagdamba Mahavidyalaya, Achalpur.

I would like to gratefully acknowledge the generous moral support extended to me by my colleagues, friends, well wishers and relatives who prominently include Prof. S.R. Bharne, Prof. A.Y. Karkhanis, Prof. S.R. Warhate, Prof. G.A. Aghalte, Smt. K.K. Tamboli, Mrs. A.A. Palnitkar, Dr. N.M. Kakde, Prof. W.K. Pokale (Nagpur), Dr. A.Y. Deshmukh (Karanja Lad), Mr. & Mrs. Jagtap (Amravati), Dr. N.G. Belsare and his wife Mrs. Meena Belsare, Dr. Neeta Raghuwanshi Dr. Chitra Malkhede, Mrs. Usha Wasnik (Jumle) Shri. Rajeshwarrao Aswale (Father-in-law), my mother Smt. Prabhawati Soor, Mrs. Ranjana Zade (sister) and many others.

Dr. D.D. Wakode, who ironed out several creases in the script and helped me make it nearly flawless, deserves special thanks. I would also like to thank Dr. N.J. Chikhale, Reader, Department of Bio-technology, S.G.B. Amravati University, Amravati, for carrying out antimicrobial activity analysis of the synthesized compounds.

My grateful thanks are very much due to RSIC, Punjab University, Chandigarh and IICHT, Hyderabad for the invaluable services rendered by them for the characterization of my research samples.

I owe my extreme gratefulness to Mr. Pravin Nerkar, Jayant Trivedi and Vijay Upadhey for neatly and clearly typing this thesis.

Last but not the least, I would like to appreciate and acknowledge the exceptional endurance and patience of my husband Dr. Shashikant Aswale, my son Chi. Ashay and my daughter Ku. Shweta in bearing with my frequent absences during the progress of the work.

– Sunanda S. Aswale
