ACKNOWLEDGMENTS

This work was taken in hand on the suggestion of Dr. G.B. Shinde, Reader, Department of Zoology, Marathwada University, Aurangabad and was completed under his supervision. The author takes this opportunity to offer his deep sense of gratitude to Dr. G.B. Shinde for his untiring and keen interest in this work.

My sincere thanks are to Dr. R. Nagabhushanam, Professor and Head, Department of Zoology, Marathwada University, Aurangabad for providing the necessary facilities during the course of investigation.

It is must to express my deep sense of gratitude to my parents and elder brothers for their valuable cooperation, constant encouragement and financial support without which it would have not been possible on my part to complete this work.

Thanks are to Nitin Nikam for dextrous typing of the thesis and Shri Chagan Narale for reproducing photocopies of original drawings.
I wish to thank all my M.Sc. classmates and valuable co-operation received from my present and past colleagues and all friends.
