PREFACE

The purpose of this thesis is to study the Developmental Role of the Deputy Commissioner in the context and background of Kaithal District of the State of Haryana. This includes a comprehensive exposition of the concept of development and role assigned to the Deputy Commissioner at District level on the one hand and a composite picture of the developmental schemes in Kaithal District and the development team management & guidance offered by the Deputy Commissioner of Kaithal District for implementing and supervising the current developmental schemes primarily in the agricultural sector, civic amenities, loan-distribution, education, Integrated Child Development Schemes and disposal process of the Public grievances.

The study has been completed with in five chapters. First chapter deals with the Socio-economic survey of the Haryana State mentioning the background and the developmental sketch of Kaithal District. Second chapter explains the theoretical concepts of development. Third chapter consists of the materials regarding the developmental needs and problems of Kaithal District. The fourth chapter studies the progress of the development
programmes in the district of Kaithal. The conclusions, generalisations and suggestions are given in the fifth chapter.

My literary debts are testified to in the bibliography. My special and personal debts are due to my worthy supervisor, Dr. (Mrs.) Sarla Malik, Professor & Head, Department of Public Administration, M.D.University, Rohtak. She believes in the field studies and original subjects for research. Without her expert guidance, timely suggestions and constant encouragement, it would not have been possible for me to accomplish this piece of research. Her questioning eye on networking, coherence and organisation of the research report helped me to write my research report in proper sequence and coherence. I am very much beholden to all the teachers of my department. I also sincerely thank Sh. R.P.Chandra, I.A.S., Deputy Commissioner Jind, who not only granted me leave from my official assignments but also encouraged me and guided me on several practical aspects of the functioning of Deputy Commissioner as Co-ordinator of the Development team at the district level.

The entire staff of the Deputy Commissioner, Kaithal district, especially Sh. Devender Singh and Sh.
Jaldhir Singh obliged me by helping me in data collection and in arranging meetings with the required number of Sarpanches of various villages. I am grateful to them for this kind help.

I am also indebted to Dr. R.S. Kundu, M.S., Medical College & Hospital Rohtak, who advised me regarding nutritional content of food supplied to the children in Anganwari Centres under Integrated Child Developmental Schemes. I also thank Sh. Sewa Singh, Sh. Ravindra Singh and Sh. Anoop Singh, research students in the same department who helped in acquiring clarity and bringing the manuscript to its present shape through wide discussions on the issues involved in the study.

I take this opportunity to thank the staff of the University Library who extended all help to me for making available the related literature.

(DILBAG SINGH)
