ACKNOLEDGEMENT

The debts I have accumulated during my Ph.D work are numerous. At the outset, I would like to express my heartiest gratitude to my esteemed supervisor Dr. Surinder Kumar, Professor of Economics, Dean of Academic Affairs and Ex. Dean, Faculty of Social Science, for providing me invaluable guidance and constant encouragement in completing my research work. Despite having preoccupied in various administrative responsibilities, he kept on his minute observation on my research work and devoted a sufficient amount of his invaluable time for me from his busy schedule. It is only due to his sincere help, I could complete this work. In fact, it is not possible for me to express my gratitude to him in words. He always treated me as a family member.

I express my profound gratitude to Dr. A. S. Rana, Prof. & Head, Department of Economics, for timely removing my any type of impediments in the department and providing his consistent support till the completion of this research work. I also express my deep sense of gratitude to all the teachers of the Department of Economics who have always been a constant source of encouragement and inspiration to me.

I am thankful to Dr. S.K.Malik, Principal, All India Jat H.M. College, Rohtak, for sanctioning me two years academic leave under U.G.C. Teacher Fellowship Scheme for completion of this work. I also wish to place on record my deep sense of gratitude to the office bearers of the Governing Body of Jat Education Society, Rohtak especially Sh. Satpal Singh Dahiya, and Sh. Raj Singh Dahiya without whose blessings it would have been very difficult for me to accomplish this task. I would like to express my special thanks to Dr. I. S.
Dalal, former Principal, All India Jat H.M. College; Rohtak, who provided me support in a variety of ways and always inspired me to complete the work.

The officials of Haryana power utilities, Punchkula, Haryana State Energy Development Agency, Chandigarh, and Ministry of Non-Conventional Energy Sources, New Delhi were kind enough to me in providing necessary data and information. I express my sincere thanks to them. I also take this opportunity to thank the staff of Energy Group of PRAYAS, Pune and International Energy Initiative; Bangalore for providing me very useful research material and helping me in understanding the various issues. My thanks are also due to the officials of M.D. University Library, Rohtak, Tata Energy Research Institute (TERI) Library, New Delhi, and Ministry of Non-Conventional Energy Sources Library for their ever-supporting attitude.

I am grateful to my friends Dr. Rajesh Kumar, Dr. Kulwant Singh, Dr. Sunil Phougat, Dr. Subhash Dhaterwal and all other well wishers for providing me all sorts of help, consistent encouragement and moral support during my research work.

I express my thanks to the non-teaching staff of the Department of Economics as well as Dean of Academic Affairs especially Mr. Subhash Bhardwaj, Mr. Suresh Rohilla, Mr. Satish Nandal, Mr. Mukesh Pakasma and Mr. Sube Singh for their kind co-operation and moral support.

My family members particularly my wife Mrs. Suman Sindhu deserve lots of thanks who took all the family responsibility on her shoulder and provide me positive environment at home to complete the work. Last but by no means least I have appreciation for my sons Digvijay and Prateek who silently bore my absence as a graceful or deal.
