Acknowledgement

I would like to take this opportunity to express my sincere and deep gratitude to my Guide and advisor Dr. S. S. Mantha for his guidance, support and encouragement during the years of my Ph.D work at the S.N.D.T Womens University. His advice and insights have guided me throughout this study and will continue to guide me throughout my professional career.

I would like to thank Dr. Ganesh Magar, Head of Department, P. G Department of Computer Science, SNDT Womens University, Juhu, Mumbai and The Principal Dr. S.S. Pawar, Usha Mittal Institute of Technology to be articulate and supportive during my research. Their knowledge on Data Mining has inspired me in many ways during the research work. I would take this opportunity to thank the Meteorological Department, and the Maharashtra Pollution Control Board for their help and suggestions and the data that they have provided to carry out my research work.

I would like to thank Dr. L. Ganapathy, Professor, NITIE for his helpful and influential directions and services rendered during my research work. I would also like to thank Dr. K. Maddulety, Associate Professor, NITIE who has always provided suggestions and corrected me throughout the research work.

Finally, I would like to thank all my family members and my colleagues for encouraging me to initiate and complete the research work.
