ESSENTIALLY CONTESTED POLITICAL CONCEPTS: A PHILOSOPHICAL STUDY

ACKNOWLEDGEMENT

First of all I thank to God Almighty whose Mercy and Graciousness enabled me to carry out the work.

As my work gets ready for submission, I recall the assistance, encouragement and inspirations received from many people. I would like here to put on record humbly and with gratefulness the necessary helps, encouragements and inspirations they extended to me at different stages during the course of the work.

It is my proud privilege to complete this thesis under the able guidance and supervision of my learned teacher Prof. Mohammad Muqim in department of Philosophy, Aligarh Muslim University, Aligarh. I express my deep sense of gratitude and heartfelt thanks to him for his constructive and valuable suggestions and guidance, efforts and inspirations in completing this research work. True to the spirit of scholarship, he encouraged free and frank discussion. But for his inspiration and initiative with active involvement at each and every stage of the research work, the research endeavour would not be in its present shape. Words are inadequate to express my great respect for him for his immense support during the period of my study. It feels highly satisfying to hold him in high regard.

I would like to thank Prof. Jalalul Haq, my honorable teacher and Chairman, Deptt. Of Philosophy, Aligarh Muslim University, Aligarh, for inspiring me with his excellent style of teaching. I am also thankful to him for providing all facilities in the seminar library of the Department to complete the research work successfully.

I would like to express my sincere thanks to my respected teacher Dr. Lateef H.S.Kazmi, Associate Professor Department of Philosophy who has help me a great deal in the preparation of this thesis.

I would also like to thank all my respected teachers for their timely help and suggestions.
I would like to thank ICPR and UGC for granting me scholarship during the course of my study, without their cooperation I could not have completed my work.

I would be failing if I do not thank Dr. Anwer Saleem and his office staff for providing me all possible aid and assistance.

I am also very thankful to all my friends and competitors other family members and my wife Mrs. Sabiha Ghani for constant encouragement and support to complete the thesis.

The acknowledgement would be incomplete if I do not express gratefulness to my father Late Mr. Md. Rizwan and mother Mrs. Sayeeda Rahabri and other family members who wanted to see me educated at any cost. I am sincerely thankful to all of them for their support, sacrifice, caring for me and showing so much patience for so long at the cost of their happiness.

Lastly, my sincere thanks to all those who inspired me in some way or other and whose names unfortunately, I may have missed out on this occasion.
