ACKNOWLEDGEMENTS

I am extremely grateful to Dr. Suresh Chander Malik, Sr. Lecturer, Department of Statistics, Maharshi Dayanand University, Rohtak under whose supervision this work has been completed. I owe to him a lot for his keen interest, constant encouragement, valuable guidance and concrete suggestions during the entire course of investigation. Without his illuminating guidance it would have been impossible for me to carry out this work.

I am also thankful to Dr. Ashok Kumar, Reader and Head, Department of Statistics, Maharshi Dayanand University, Rohtak and other teachers of the Department for their useful advice which I received during the present study.

I remember with thanks the co-operation, inspiration and kindness shown to me by all my colleagues, friends and well wishers during my research work.

I acknowledge my indebtedness to my parents for their blessings and efforts to make my life happy and prosperous.

My special thanks are due to my husband Mr. Yashvir Singh for his co-operation and encouragement during the research period.

Finally, I thank non-teaching staff of the Department of Statistics and Mr. Jai Parkash, Department of Mathematics, Maharshi Dayanand University, Rohtak who have helped me in one way or the other in the pursuit of my research.
