ACKNOWLEDGEMENT

At the outset, it is a proud privilege for me to acknowledge with my sincere respect, my deep sense of indebtedness to my most revered teacher and guide Dr. K.V.Krishnamurthy, Professor and Head, Department of Plant Science, Bharathidasan University, Tiruchirappalli, for enabling me to complete this project and inspiring me to strive for excellence. I shall ever remain grateful for his affection, constructive criticism, enlightening discussions and incessant encouragement throughout this course of this work.

I acknowledge my heartfelt gratitude to Dr. B.D. Ranjitha Kumari for her constant encouragement and valuable suggestion during this study as a doctoral committee member.

I owe heartfelt thanks to Dr. M.V. Rao, Reader, Dr. N. Jayabalan, Reader, and Mrs. A. Lakshmi Prabha, Lecturer, faculty of Plant Science, Bharathidasan University, for their invaluable advice in throughout this work.

I like to express my sincere thanks to Prof. G. Subramanian, Director of NFMC and Head Department of Microbiology, Prof. M.A. Akbarsha, Head, Department of Animal Science, Prof. M. Vivekanandan, Head Department of Biotechnology, Dr. M. Krishnan, Reader, Department of Biotechnology, Prof. V.A. Chandrasekar, former Head, Department of Geology Bharathidasan University for their whole-hearted support in the course of my work.

I consider it is my sacred duty to express my deeply felt gratitude to Dr. S.S. Kumar, Professor, Department of Botany, Punjab University, Chandigarh, for sparing me his valuable time in discussing and teaching me
in identification of the specimens and finally himself conforming it. I shall be every grateful for his generous help and constant encouragement through out this work

My sincere thanks to Prof. R.K.Kohli, Dr.Harminder Pal Singh, Dr. Daizy .R. Batish, Dr. (Mrs.) Sunita Kapila, Department of Botany, Punjab University, Chandigarh, for their unconditional help for my research.

I must express my sincere thanks to Dr. Virendranath, Asst. Director, N.B.R.I, Lucknow and Dr. A.K. Asthana, scientist, Department of Bryology, NBRI, Lucknow for their kind help in initiating my work and by their valuable advice and fruit discussion.

I wish express my thanks to Prof, M.A. Haji Mohamed, University of Malaya, Malaysia for constant encouragement, guidance and by providing me his valuable literature and also in confirming the identity of the specimens.

It is my sincere duty to acknowledge Prof. Benito C.Tan, National University of Singapore, Prof. Zennoski Iwatsuki, Hattori Botanical Laboratory, Japan., C.C. Townsend, Kew Botanical Garden, U.K for providing me their valuable literatures, their kind advice and fruitful discussion that helped me a lot in proceeding this work successfully.

Thanks are due to my senior colleagues Dr. R. Selvaraj, Dr. Y. Hariharan, Dr. T. Senthil Kumar, Dr. N. Samiverrappa, Dr. S. Senthil Kumar, Dr. S. Kaliamoorthy, Dr. P.K. Piüs, Dr. R. Nelson, Dr. R. Ramesh kannan, Dr. A.V.P. Karthikeyan, Dr. G. Sivakumar, and present colleagues Mr. F. Samuel Christopher, Mr. L.Gnanasekaran, Mr. M. Vijaya Venkatesh, Mr.N. Ravichandran, Mr. R. Siva and Mr. R. Ravishankar and Office staffs of this department for their enormous amount of assistance and unerring help.
It’s my pleasure to acknowledge my friends Dr. A. Muthusamy, Mr. M. Jeyakumar, Mr. V. Kumaresan, Mr. Achi Raman, Mr. K. Vasanth, and co-research scholars in Dr. M.V. Rao Lab, Dr. N. Jayabalan Lab, Dr. B.D. Ranjitha Kumari Lab, and scholars of Animal Science, Biotechnology and Microbiology Department.

It is my important duty to thank Mr. Kadal Mani, Department of Animal Science, for his kind help in scanning the photographs.

I wish to record my sincere thanks to Dr. T. Senthil Kumar, Dr. P.K. Puis, his family members and Mr. Arunachallam, and his family members for helping and guiding me during my plant collection trips in the study area.

Sincere thanks to my dear friends, Mr. Ramesh, Chennai, Mr. Rohan, Chandigrah, Mr. Ajith, Lucknow, Mr. Alex, Sweeden, Shankar and Suresh, Ooty, who always provided me the much needed moral support.

Beholden to NATP, New Delhi for their financial assistance during the course of this Doctoral Programme.

I am greatly indebted to my parents, Mr. C. Giriappa and Mrs. B.G. Parvathamma Giriappa, my sister Mrs. G. Padmavathi Mahadev and Brother-in-law Mr. Y. N. Mahadev, my younger sister Miss. G. Hemavathi, and baby Bhavish, whose affection, patience, support and inspiration have stood me in good stead throughout the pursuit of this work.

My Whole Hearted “Thanks” to all, who helped me directly or indirectly to proceed my research successfully. Last but not the least, I t’s my duty to thank Toomuch Media for their patience and help in preparation of Photo Plates.

I thank the Almighty for his blessing throughout my life and providing me the needful.
