Acknowledgements

I wish to express my sincere gratitude to:-

* My respected guide Dr. Prabha Balaram, Additional Professor & Head, Research Division, Regional Cancer Centre, Thiruvananthapuram, for her unstinting support and expert guidance. She was the inspiring force behind this study and it was only her valuable suggestions and constant help given at every stage of this study that enabled me to complete this thesis.

* Dr. M. Krishnan Nair, MD, F.R.C.R, Director, The Regional Cancer Centre, Thiruvananthapuram for permitting me to carry out this study at the Centre and providing me the facilities.

* The SAT Hospital, Thiruvananthapuram and in particular Dr. C. G. Chandrika Devi, Professor & Head and Dr. T. N. Rajalekshmy, Associate Professor of the Department of Obstetrics & Gynaecology for permitting the collection of clinical specimens and the follow up data of the patients.

* The staff members of the MTP ward, Labour room and Trophoblastic Clinic of the SAT Hospital for their help in collection of tissue samples.

* Dr. Balaraman Nair MD, Chief Pathologist, Doctor’s Diagnostic and Research Centre, Thiruvananthapuram for his scholastic suggestions and the staff members of the Division of Histopathology of DDRC, for their help and involvement in the processing of the tissue samples.
Dr. Beena Panikkar, Research Associate and Dr. Molukutty John, Assistant Professor, Regional Cancer Centre, for the help rendered during this study.

My colleagues Ms. Prishla Varghese, Ms. Priya Srinivas, Ms. Maya Madhavan, Ms Smrithi M Krishna, Ms Asha SR, Ms Jemima Jacob and Ms Salini V, for their whole-hearted co-operation, constant encouragement, fruitful discussions.

Mr. Chandrakumaran Nair, Librarian, and other staff members of the Regional Cancer Centre Library for their help in literature survey.

Ms. Rema Devi L for the meticulous work put in for typing this thesis.

Each and every staff member of the Division of Cancer Research of Regional Cancer Centre, Thiruvananthapuram, for the help extended throughout this study.

The Council of Scientific and Industrial Research for financial assistance.

The authorities of Kerala Agricultural University for permitting me to do part time research and complete this study.

All the patients who have co-operated with me in this study.

SWAPNA ALEX
