Acknowledgements

I would like to express my most sincere gratitude to my supervising teacher Dr. Ravindran Ankathil [Additional Professor, Division of Cancer Research, Regional Cancer Centre, Thiruvananthapuram] under whose able guidance this thesis has been duly completed. He allowed me the scope to follow my thoughts and develop my scientific skills, whilst always being available to provide guidance and discussion whenever it was needed; for this I am very grateful.

I am greatly indebted to my Co-Guide, Dr. M. Balakrishnan [Professor, Department of Zoology, University of Kerala, Kariyavattom, Thiruvananthapuram] for his calming influence and guidance.

I wish to express my sincere thanks to Dr. B. Rajan [Director, Regional Cancer Centre, Thiruvananthapuram] and Dr. M. Krishnan Nair [Former & Founder Director, Regional Cancer Centre, Thiruvananthapuram] for providing me with excellent research facilities.

I am most grateful to Dr. Prabha Balaram [Professor and Head, Division of Cancer Research, Regional Cancer Centre Thiruvananthapuram] for her encouragement and support throughout the study. My sincere thanks and appreciations to Dr. S. Kannan [Additional Professor and Head in Charge, Division of Cancer Research, Regional Cancer Centre, Thiruvananthapuram] for his timely help and support. I am grateful to Dr. P. Remani [Additional Professor], Dr. T.T. Sreelekha [Scientific Officer], Mr. N.K. Hareendran [Research Assistant], and Dr. K. M. Sathyan [Lecturer], Division of Cancer Research, Regional Cancer Centre, Thiruvananthapuram, for their help and encouragement.

I owe my gratitude to Dr. Thomas Abraham [Senior Scientific Officer and HOD, Clinical Lab] and all Clinical Lab Staff members for their help in collecting blood samples from patients.

I acknowledge my thanks to Dr. Ratheesan Kuttan, Dr. Lekshmi Balakrishnan and their team, Division of Radiation Oncology, Regional Cancer Centre, Thiruvananthapuram for their help in the selection of patients and collection of peripheral blood samples. I wish to express my sincere thanks to Dr. Elizabeth K. Abraham and her team of eminent Pathologists, Division of Cytopathology, Regional Cancer Centre, Thiruvananthapuram, for providing patients pathological data.
I am thankful to Mr. Chandrakumaran Nair [Senior Librarian] and all other Staff members of the Regional Cancer Centre Library for their help in literature survey.

Mr. K.R. Bhaskaran Nair [Finance Manager] and Mr. Vijaya Kumar [Projects], Regional Cancer Centre, Thiruvananthapuram, are sincerely thanked for their help and support.

I am thankful to Mr. Surendran Chunakkara [PRO, Regional Cancer Centre, Thiruvananthapuram] for all his help when it was most needed.

I express my sincere thanks to Ms. D. Chandrika [Medical Record Officer, Regional Cancer Centre, Thiruvananthapuram] and all the Staff members of Medical Records and Cancer Registry for their support and freedom. Help rendered by Ms. J.K. Jayanthi and Ms. B. Suseela Devi [Computer division, Regional Cancer Centre, Thiruvananthapuram] during the time of patient’s clinical data collection is gratefully acknowledged. Ms. B. Savithri Amma and Mr. P. Antony [Director’s Secretariat, Regional Cancer Centre, Thiruvananthapuram] are also warmly thanked for their timely help.

I am indebted to Dr. S. Hariharan [Lecturer, Division of Cancer Research, Regional Cancer Centre, Thiruvananthapuram] for always being there at times of crises, and also for numerous enjoyable conversations, for endless scientific discussions, for a pleasant companionship in several conferences and so on. . . .

I wish to express my sincere gratitude to my senior, Dr. B. Vinod Kumar [Post Doctoral Fellow, University of Chicago, USA] for his critical suggestions in standardizing molecular biology protocols, and also for the support and encouragement that he had given when it was most needed.

Dr. Roshini Thomas [Research Associate, Pfizer, Florida, USA] and Dr. V.R. Sheeja [Lecturer, Department of Zoology, Iqbal College, Peringamala, Thiruvananthapuram], my seniors, whose unique personalities with such a caring, understanding and supportive nature brightened my initial days in RCC. I cannot forget the precious hours they spent before my first ‘journal club’ and were helping me like a guide. Dr. K.S. Sunil [Post Doctoral Fellow, Emory University, Atlanta, USA], my senior, is also thanked for his friendship and cooperation.

All my friends in the Laboratory of Cytogenetics and Molecular Diagnostics are thanked from the depth of my heart for their constant support, encouragement and for many joyful and relaxing times together. My very special thanks go to Ms. L. Sreeja, my
colleague, for sharing all the good and bad moments both in science and in life and for providing invaluable help and support during these years. My warmest thanks are due to 'the young force of my lab' Mr. B.R. Praveenkumar, Ms. S.S. Volga, Ms. S. Santhi and Ms. R.V. Vijayalekshmi, for their timely help in sample collection, pedigree construction, thesis proof-reading and critical suggestions. I especially want to thank Volga for her crucial and concrete help on data entry and statistics. Always positive and cheerful, Viji is thanked for her excellent friendship and understanding. I cherish our many days together both in lab and in hostel and hope that we will be able to stay in touch despite the large distances between us. They are all once again thanked for all the happy, crazy and amazing days we spent together at work and outside of work; for the laughs; the stress and sharing. I could not have wished for more wonderful working mates.

All the past and present friends and colleagues at the Division of Cancer Research, Regional Cancer Centre: Ms. Bindu L, Dr. Smita S, Dr. Laija Nair, Dr. Smrithi Krishna, Ms. Maya Madhavan, Dr. Rajesh R, Ms. Shalini V, Ms. Jemima Jacob, Ms. Mayjo K Jose, Ms. Praveena Krishnan, Ms. Lekshmi S, Ms. Dhanya GS, Mr. Suraj K George, Mr. Geo Francis, Mr. Abhilash A, Ms. Sailasree R, Ms. Abitha Murali, Mr. Aravind SR, Mr. Dileepkumar, Mr. Deepak Roshan and Mr. Rajesh M are warmly thanked for creating a friendly and open working atmosphere. Special thanks are due to Mr. N. Viswa Kumar and Mr. Sunil Kumar S for their friendship, help and encouragement extended to me throughout these years.

My heartfelt gratitude goes to my dear family: my beloved Parents, my Sisters, In-laws and their Children for their love, understanding, patience, constant support and encouragement throughout these years. I would like to thank them for all they are, and all they have done for me. Thank you for always being there for me.

I am extremely grateful to Indian Council of Medical Research (ICMR) for awarding me the Senior Research Fellowship to carry out this study.

I owe my deepest gratitude to all the Patients who participated in this study. I hope the present results will be of use to them and their families someday.

Above all, thanks to The God Almighty, who is/ was always with me, in all my endeavors.
