ACKNOWLEDGEMENTS

The completion of this thesis is the fruitful result of the guidance and support from friends and family members. One of the joys of completion is to look over the journey past and remember all the friends and family who have helped and supported me along this long but fulfilling road.

First and Foremost, I would like to express my sincere gratitude to my guide Dr. V. Joseph Raj, Associate Professor and Head, Department of Computer Science, Kamaraj College, Thoothukudi, for his motivation and support in producing quality research. His guidance helped me in all the time of research and writing of this thesis.

I am also grateful to my Co-Guide Dr. S. P. Victor, Associate Professor and Head, Department of Computer Science, St. Xavier’s College (Autonomous), Palayamkottai, for his helpful advice and support in completing this thesis. I also extend my sincere thanks to Dr. V. S. Rajesh, Head, Department of CSE, Manonmaniam Sundaranar University, Tirunelveli, for his guidance in the beginning stages of my research work.

I wish to thank all my colleagues for their constant motivation and encouragement throughout my research work. I also thank Dr. C. Xavier and Rev. Dr. Albert William S. J., who are the sources of inspiration to start my Ph. D. research journey.

I am very grateful to the Jesuit management of St. Xavier’s College for extending me all the necessary support during the period of my research work. A special word of appreciation goes to my friend Mrs. K. Sujatha for her timely support.
I also thank Mr. S. Rajesh, Sales Manager, Chevrolet Sales and Service, Tirunelveli, for providing the sales data required to implement my research work.

I wish to place on record my profound gratitude to Dr. V. S. Albert Joseph, Associate Professor, Department of English, St. Xavier’s College (Autonomous), Palayamkottai, for tuning fine the language aspects in my thesis.

I wish to express my thanks to all the staff at Jose computers, Palayamkottai, for adding a professional touch to the attractive presentation of this thesis.

I thank my loving parents, Mariadasian and Suseela, who instilled in me a love of creative pursuits, science and language, all of which find a place in this thesis. My sincere thanks go to my in-laws Joseph and Selvam, my siblings Solomon and Arul Mary and all the other members of my family for their care and blessings. I am thankful for the support and love extended by my spouse Xavier and children Joanna and Kevin who mean the world to me.

Most deeply, I thank my Heavenly Father for bestowing His creative spark, strength, and inner light, which make all learning and understanding possible.
