Acknowledgements

To the Merciful Lord, my good Father, I devote my deep gratitude for guiding me to carry out this dissertation with interest, enthusiasm and success. I have experienced His guidance day by day. He is the one who let me complete my degree. I keep on trusting Him for my future. Thank you, Lord.

This thesis is the end of my voyage in obtaining my Ph.D. At the end of my thesis, I would like to express my gratitude to all those people who contributed in many ways to the success of this study and made this thesis possible and an unforgettable experience for me.

At this moment of accomplishment, first of all I would like to register my special appreciation and thanks to my guide Dr J. V. Jeeva, Associate Professor and Head, Department of English, Pioneer Kumaraswamy College. This work would not have been possible without her guidance, support and encouragement. I would like to thank her for cheering my research and for allowing me to grow as a researcher. Her assistance on both research as well as on my career have been invaluable. I would like to thank her for her dazzling comments and suggestions. I enjoyed the opportunity to observe and learn from her knowledge and experience. I thank her for being a role model in my life. She is inspirational, supportive and patient. I would like to thank her for shaping and guiding the direction of the work with her careful and instructive remarks. I remember her availability at all times, the thought
provoking questions and her valuable guidance enabled me to complete my dissertation. Thank you, Madam.

My foremost thanks go to Manonmaniam Sundaranar University, for permitting me to undertake this programme.

A special thanks to my family. Words cannot express how grateful I am to my mother, father and sister for all the sacrifices that they have made on my behalf. Their prayers for me helped me to carry out my work smoothly. They have always been the inspiration and motivation in my life.

I am indebted to my friends and relatives for their words of encouragement and for supporting me for the last few years. I enjoyed many useful and entertaining discussions with them.

I would like to express my gratitude to my friend Mrs. Prabha Jesu Raj for introducing me to my guide because of which I am gifted to accomplish this degree.

A special thanks to my friend Dr. R. Divya Thanga, Assistant Professor, Rajas International Institute of Technology for Women who as a good friend, was always willing to help and give her best suggestions. The useful suggestions given by her during the initial stages of my study put me on the right track.

I express my gratitude to the management of our Institution, Arunachala College of Engineering for Women, Vellichanthai for giving me permission to do my Ph.D. programme.

I also place on record my sincere thanks and appreciation to Mrs. Jasmine Janin for computerizing my dissertation neatly and accurately.
Last but not the least, I would like to record my thanks to SIICT, The American College, Madurai for providing me with secondary materials for the study. I sincerely acknowledge all the help rendered to me by all others, in the completion of my research work.
