

LIST OF FIGURES

- 2.1 The pattern of the investment path
- 4.1 Significance of the size of Indian market as determinant of FDI.
- 4.2 Significance of middle income class as determinant of FDI.
- 4.3 Availability of cheap labour force as determinant of FDI.
- 4.4 Industrial sector diversification as determinant for FDI.
- 4.5 Availability of skilled labour as determinant of FDI.
- 4.6 Existence of large private sector as determinant of FDI.
- 4.7 Availability of unskilled labour as determinant of FDI
- 4.8 Significance of signing of MIGA protocol on FDI in India
- 4.9 Significance of bilateral agreements on FDI in India
- 4.10 Significance of widespread use of English as determinant of FDI
- 4.11 Significance of strong British based legal and accounting system as determinant for FDI
- 4.12 Consumerism as determinant of FDI
- 4.13 Significance of strong media of advertisement as determinant of FDI
- 4.14 Demonstration effect as determinant of FDI
- 4.15 Attitude of the public towards foreign investment as determinant of FDI.
- 4.16 Significance of low tax on income derived by foreign companies on FDI
- 4.17 Significance of market saturation in home country on FDI in India
- 4.18 Significance of encouragement from home country on FDI in India
- 4.19 Significance of developing countries welcoming attitude towards FDI
- 4.20 Significance of unused resources on FDI in India
- 4.21 Significance of competition with other MNCs on FDI
- 4.22 Significance of GATT round on FDI in India
- 4.23 Significance of higher research and development expenditure in home country on FDI
- 4.24 Impact of bureaucratic delays on FDI in India
- 4.25 Impact of wide-spread corruption on FDI inflow in India
- 4.26 Impact of problems in power sector on FDI in India
- 4.27 Impact of non-satisfactory condition of railways and roads on FDI
- 4.28 Impact of lack of proper port facilities on FDI
- 4.29 Impact of inadequate telecommunication services on FDI
- 4.30 Impact of non-satisfactory water and sewerage system on FDI
- 4.31 Impact of higher corporate tax rate on FDI
- 4.32 Impact of high income tax and excise tax on FDI
- 4.33 Impact of pro-labour laws on FDI in India
- 4.34 Impact of higher import tariff on FDI in India
- 4.35 Impact of political risk on FDI in India
- 4.36 Impact of process patent only and no product patent on FDI
- 4.37 Impact of insufficient duration of patent protection on FDI
- 4.38 Impact of higher rate of interest on FDI in India
- 4.39 Regional conflicts/tensions and natural disasters as determinant of India

- 5.1 Foreign brand name/trade mark as determinant of FDI
- 5.2 Significance of automatic permission for expansion as determinant of FDI
- 5.3 Impact of establishment of FIPB on FDI in India
- 5.4 Significance of hiring foreign technicians and testing indigenously developed technology automatically
- 5.5 Impact of abolition of phased manufacturing programme on FDI
- 5.6 Significance of approval of foreign equity and foreign technology
- 5.7 Relaxation of dividend balancing as determinant of FDI
- 5.8 Significance of automatic approval as determinant of FDI
- 5.9 Significance of delicensing as the determinant for FDI
- 5.10 Significance of MRTP as determinant of FDI
- 5.11 Significance of broad banding facility as determinant for FDI
- 5.12 Significance of disinvestment at share market prices on FDI
- 5.13 Significance of banking & credit facilities on FDI
- 5.14 Significance of established stock exchange on FDI in India
- 5.15 Significance of current account convertibility of rupee on FDI
- 5.16 Significance of unified exchange rate on FDI in India
- 5.17 Significance of devaluation of Indian rupee on FDI
- 5.18 Significance of depreciation of rupee in foreign exchange market on FDI
- 5.19 Significance of raw material availability on FDI in India
- 5.20 Significance of import liberalisation on FDI in India
- 5.21 Significance of export processing ^{ZONES} on FDI in India
- 5.22 Influence of tax holiday for 5 years on FDI in India
- 5.23 Significance of facility of production of items for small sector on FDI in India
- 5.24 Significance of welcoming of foreign investment in power, oil and telecom.
