ACKNOWLEDGEMENTS

First of all, I humbly bow my head before God for carrying me over the hurdles and enabling me to complete this endeavor successfully. Interdependence is certainly more valuable than independence. During completion of my thesis I have been accompanied and supported by many people. It is a pleasant aspect that I have now the opportunity to express my gratitude for all of them.

I express my deepest sense of gratitude and sincere thanks to my supervisor, Prof. S. Qamar A. Naqvi for suggesting me an interesting and worthwhile problem, his benevolence guidance and valuable advice as well as suggestions on preparing the manuscript of this thesis.

I would like to thank Head, Department of Botany, Prof. Anis Mohammad and Ex-chairman Prof. Arif Inam for their kind hearted support and providing necessary facilities to undertake this study. I acknowledge the generous help of Dr. Athar A. Khan during my experimental work.

With immense pleasure, I take this opportunity to thank Dr. S. K. Raj (Scientist G), Molecular Virology lab, National Botanical Research Institute (NBRI) Lucknow, for helping and allowing me to work with total freedom in completion of all molecular aspects. He is the key person without whose help, care and affection, my long cherished dream would have not been fulfilled. I am grateful to Dr. V.G. Malathi (Principal Scientist) and Dr. Jasvir Singh (Electron microscopist), Division of Plant Pathology, Indian Agricultural Research Institute (IARI), New Delhi, for supporting and providing me the facilities of electron microscopy.

A special token of thank goes to seniors Dr. A.A. Khan, Dr. Tabassum Jahan, Dr. Shafia Nasir, Dr. Uzma shakeel, Dr. Basant, Mr. Abhinav Kumar, Dr. QM Imrqnul Haq for their valuable suggestions and timely help. My heartful thank goes to Mr. Sunil Snehi Mr. Karmveer Gautam, Aashish and Mr. Harendra (NBRI) for their cooperation during my research work.
I extend my heartful thank to my lab colleagues Bushra Afreen, Muzaffar Sheikh for their continuous encouragement during the course of research. Diction is not enough to express my thanks to my friends Farah Rehman, Bhavana, Shweta, pooja, Dinesh, Gaurav and juniors Kavita Parihar, Kriss, Neha, Mehar fatma, Nigar, Usman, Saad, Neelu, Deepshikha, Gazal, Mani chaturvedi. God mast & sail are essential for smooth sailing of a ship. This idea holds true for respectable Vaidh ji, Mr. and Mrs. M.P. Singh. With all regards, I acknowledge the co-operation and help rendered by all the teaching & non teaching staff of Botany Department as well as all the lab employees of Plant Molecular Virology Lab, NBRI. I would like to thank Mr. Yogendra Kumar Rajpoot for helping in my photographic work. Thanks are also due to Shoaib Bhai (Kargil computers) for editing and printing.

The fellowship awarded by UGC (University Grants Commission) is greatly acknowledged.

The eternal foundation of blessings, moral support and never ending sacrifice of my beloved parents Dr. Bale Ram Baghel and Smt. Ruma Baghel has enabled me to reach the footstep of my long cherished aspiration. My eternal gratitude to my Mamaji & elder brothers Dr. Jitendra Pal Singh and Dr. Devendra Baghel for their constant inspiration and untiring help, whenever I needed. I am greatly indebted to my loving Bhabhies Mrs. Suniti and Mrs. Anita for their affection. I also remember the happy moments spent with my naughty nephew Khushansh and niece Chetna and Charu. All the relationship made the celebration of life more meaningful.

Acknowledgements are inherently endless and incomplete. I wish indulgence from the many friendly and helpful teachers and people whom I do not name here.

Needless to say, errors and omissions are mine.

(Geetesh Baghel)
