Acknowledgements

Analysis and Design of Object-Oriented Metrics to Enhance Software Reliability has unfolded over a period of more than four years. During this period I benefitted greatly from the guidance, comments, suggestions, cooperation and assistance from many persons. Although it is impossible at this point to list everyone to whom I am indebted but several persons deserve special mention.

At the outset, I owe my gratitude to Dr Rajender Singh Chhillar, Professor, Department of Computer Science & Applications, Maharshi Dayanand University, Rohtak, my research supervisor for his continued support, encouragement and guidance. His great insight, intelligence and experience has greatly influenced me.

I convey my sincere thanks to Dr Nasib Singh Gill, Professor and Head, Department of Computer Science & Applications, Maharshi Dayanand University, Rohtak (Haryana) for his valuable suggestions, cooperation and guidance in all possible ways to complete my research work.

I am also grateful to Dr Balkishan, Mrs. Pooja Mittal, Mrs. Preeti Gulia and all other faculty members of the Department of Computer Science & Applications M.D. University, for their suggestion and healthy criticism from time to time and office staff, Sh. Sushil Kumar Sharma, Mr Surjit, Mr Subhash, for their timely help and support.

I would like to mention names of few persons who always wanted me to complete the Ph.D work successfully and granted me leave and provided other facilities for carrying out the work. My gratefulness goes to Dr R. K. Arora, Principal, Govt. College for Women, Rohtak, for his cooperation, timely support and help. Few colleagues at my work-place Mrs. Mohini Chhikara, Mrs. Greema, Mrs. Asha, Mrs. Shashi, Mrs. Sudesh, Mrs. Rajani, from G.C.W. Rohtak deserve thankfulness in providing me their honest suggestions and good wishes.

I am also very much beholden to Prof. A.S. Chhillar, Director, Maharaja Surajmal Institute, New Delhi, Prof. Prem Singh, University Librarian, M. D. University, Rohtak., Dr P.C. Jha, Associate Professor, Deptt. of Operational Research, University of Delhi, Dr. Virender Singh, Associate Professor, IISc, Bangalore, Dr Nirmal Kumar Swain, Asstt. Professor, Department of Library Science, Banasthali University, Dr Randeep Rana,
Department of English, Prof. Suresh Chander Malik and Dr Gulshan Taneja, Department of Statistics my well wishers and seniors. Special thanks to Sh. Azad Singh Jatain and Sh. Babulal Rohila for their prolonged cooperation, technical support and motivation in pursuing the work.

I am also thankful to Sh. Sandeep Ahuja, Servicing and Testing Head, Steria India Pvt. Ltd, Noida for granting me the permission and much needed assistance for experimental tryout and data collection. My thankfulness is also owed to all the authors whose books and literature I consulted and cited in the study.

At the same time I would gave special thanks to University Grant Commission to facilitate and extend the support though aegis of Higher Education, Govt. of Haryana for awarding me the Teacher Fellowship under FIP Scheme during 11th plan period for three years to complete my research work.

Last but not the least, I cannot afford to forget to express my indebtedness to my family members who had shown their constant support during the research project. My mother-in-law, my husband Dr Satish Malik, sons Saksham and Anik, my brother-in-law Sh. Satpal and didi Sunita, my brother Yasvir Singh and bhabi Dr Meena, niece Sanket, Saniya, nephew Shubham and Ayush deserve remarkable appreciations for their persistent support during the effort.

Finally I express my pranam to the Almighty for successful completion and giving me courage and internal strength to accomplish this work.
