APPENDIX-II

1. Do you think is a need of splitting the police into (i) Welfare Police, and (ii) Criminal Police?
2. Do you think there is any need to polish the police?
3. Do you agree/disagree with the view that police is (mis) used by the politicians for their own petty/large interests?
4. In case of a theft/querral incident, do you get requisite public support in finding out the clues?
5. Why, according to you, police is termed as non-friendly-rather enimical -to the people?
6. In case of accident/murder, do you get required support from the eye-witnesses?
7. Do you agree/disagree that a police person does not command the social prestige enjoyed by other public functionaries?
8. Do you agree to the hypothesis that police personnel do not make good neighbours?
9. Visit of some police person to someone’s house, even though he may be a relative of the host, raises several eyebrows. What do you think is the reason behind this?
10. I strongly feel that you do not charge hush-money from the markets falling under your area but still people blame the police persons on this account. What do you think is the reason behind this?
