ACKNOWLEDGEMENTS

The writer expresses with great pleasure her deep sense of gratitude to Dr. R. M. Pai, Professor and Head of the Botany Department, Marathwada University, for the invaluable help and guidance throughout the course of this investigation.

Grateful thanks are due to the University Grants Commission, New Delhi, and Marathwada University, Aurangabad, for the award of Senior and Junior Research Fellowships during the tenure of this study. She thanks Dr. K.B. Deshpande, Senior Professor and former Head of the Botany Department, Marathwada University, for encouragement and facilities.

She acknowledges with gratitude the generous help of Mr. A.A. Enti, Ghana, for the supply of the material.

She thanks Dr. Jafar Nizam, Professor and Head of the Botany Department, Osmania University, Hyderabad, Dr. V.D. Tilak, Associate Professor and Head of the Botany Department, Institute of Science, Bombay, and Prof. P.V. Bole, Head of the Botany Department, St. Xaviers College, Bombay, for the library facilities.

She is grateful to Shri V.A. Chowdhary for his help in the preparation of the illustrations and to Shri M.S. Muraleedharan for the typing of the manuscript.

Lastly, the writer finds words wanting to express her indebtedness to her parents and Dr. N.E. Nimale, for the constant encouragement and watchful care that enabled her to give off her best to complete this investigation.
