ACKNOWLEDGEMENT

Every work needs planning and guidance. So it is true to a research scholar also. Right from selection of area and topic of the study, it is the valuable suggestions, ideas and the encouragement of Prof Archana Sharma, who played the role of supervisor and guide of my work. It would not have been possible on my part to complete my work unless I get right direction and guidance from her time to time. She is not only my guide for the research work, she is my teacher also in the department of Economics. Since then, I have been benefited a lot from her fruitful comments and advice, given formally and informally to me. I must take the privilege to offer hearty thanks and gratitude to madam for her valuable guidance, not only for this work, but also for my personal well-being.

My hearty thanks goes to Prof M.P. Bezbaruah head, department of Economics, Gauhati University, for his able guidance and help in statistical and econometric analysis particularly during Course Work. I must thank all other faculty members of the department for their valuable suggestions and guidance.

It would be an act of selfishness if I forgot the librarians of K.K. Handique Library, Gauhati University; of Indian Institute of Technology, Guwahati and librarian of Omeo Kumar Das Institute of Social Change and Development Guwahati for their help and co-operation in the library work.

Many individuals in their official capacities have extended their best co­operations and help while I approached them for collecting datas and information during the course of study. I take the opportunity to offer my hearty thanks to them. They are U. Phukan, Joint Director, Directorate of Economics and Statistics, Government of Assam; Mr. P. Goswami of Directorate of Agriculture, Government of Assam, Mr. B. Das of National Sample Survey Office, regional centre, Guwahati; Dr. T. Hanse, Directorate of Horticulture, Government of Assam; Dr. Sidananda Sarma, Scientific Officer, IIT Guwahati; Mr. Manabjyoti Das from Small Farmers’ Agri-business Consortium, Guwahati Regional Centre; Sub-Inspectors of Statistics of Hajo block, Rani block and Dimoria block.

In this field based study, many individuals extended co-operation to me. So, thanks to Mr. Bhabananda Knowr, Secratery, Rani Gaon Panchayat, Mr.
Debakanta Boro of Rajapanichanda, Mr. Babul Das of Batabari, Mr. Mridul Kumar Das of Sikarhati, Mr. Karendra Kalita, secretary, Kulhati Co-operative Society Limited, Mr. Taiyab Ali, Kalitakuchi Anchalik Co-operative Society Limited, Mr. Abdul Jalil, Assistant Teacher, Baramborti M. E. Madrassa, Mr. Dinesh Ranghang, Dimoria Anchalik Co-operative Society, Dimoria, Ms. Samaishree Boro and Dilip Cro of Topatoli Gaon and Mr. Kajal Gosh of Maloibari.

I offer my special thanks to my friends Indranee, Jyotisikha, Mintu, Tinku and Munmee (all are research scholars) for their valuable suggestions and encouragement.

I am ever grateful to all the members of my family for their valuable suggestions, encouragement and services rendered to me in every step of my family life. Being a daughter-in-law of a family, I am to shoulder many responsibilities. But my parents in law, my husband and brother-in-law have minimised the responsibilities enabling me to devote fully in my work. On the other hand, they helped me a lot in the same.

Presents are priceless gift to one’s life. I offer gratitude to my father for his blessing and invisible inspiration from the heavenly abode. Thanks mother too for her sacrifice and hard work in molding my life. I offer thanks to all my sisters for their continuous inspiration and constructive criticism during the period of study. I offer lots of thanks to “putola”, my kid that came to our life during the period of study. I offer my thanks to Mr. Hemanga Kumar for final setting and printing the thesis.

Above all, I thank God for giving me the strength to pursue my dream.
