Figure : 2.6.1 : Knowledge of Modern Contraceptive.......................... 96
Figure : 2.6.2 : Total Use of Contraception by Methods...................... 96
Figure : 3.6.1 : Percentage Distribution of Literate Respondents
by Tribal, Non-tribal and Char women.................................. 115
Figure : 3.6.2 : Percentage Distribution of Literate Husbands by Tribal,
Non-tribal and Char women............................................ 115
Figure : 3.6.3 : Selected Differential Demographic Attributes among
Tribal, Non-tribal and Char women..................................... 116
Figure : 3.6.4 : Percentage Distribution of Total Abortions by Tribal,
Non-tribal and Char women........................................... 116
Figure : 3.6.5 : Percentage Distribution of Users and Non-Users by
Tribal, Non-tribal and Char women................................... 117
Figure : 3.6.6 : Percentage Distribution of Users of Contraception
by Methods: Tribal, Non-Tribal and Char Women.................. 117
Figure : 4.6.1 : Rural-Urban Contraceptive Prevalence Rate............... 128
Figure : 4.6.2 : Use of Modern Method and Traditional Method: Rural-Urban 128
Figure : 4.6.3 : Rural-Urban Acceptance of Contraception by Mean
Number of Children.................................................................. 129
Figure : 4.6.4 : Rural-Urban Acceptance of Contraception by Literate
Respondents and Husbands .................................................. 129
Figure : 5.3.1 : Total Use of Sterilization and Modern Spacing Method....... 156
Figure : 5.3.2 : Use of Sterilization and Spacing by Tribal, Non-Tribal
and Char Women.............................................................. 156
Figure : 5.3.3 : Mean number of Children of the Users of Sterilization
by Tribal, Non-Tribal and Char Women.................................. 157
Figure : 5.3.4 : Use of Sterilization and number of Living Sons by Tribal,
Non-Tribal and Char Women............................................... 157
Figure : 5.3.5 : Use of Sterilization and number of Living Daughters by
Tribal, Non-Tribal and Char Women...................................... 158
Figure : 5.3.6 : Rural-Urban Percentage Distribution of the users of Modern
Spacing Method by Tribal, Non-Tribal and Char Women........... 158
Figure : 5.3.7 : Differentials in the use of Spacing by First Time of Use.... 159
Figure : 6.5.1 : Unmet Need: Total, Limiting and Spacing.................... 183
Figure : 6.5.2 : Reason Components of Unmet Need by Rural-Urban....... 183
Figure : 6.5.3 : Reason Components of Unmet Need by Tribal, Non Tribal
and Char Women............................................................. 184
