ACKNOWLEDGEMENT

I express my sincere gratitude to Prof. (Dr) C. S. Menon, my supervising teacher, School Pure and Applied Physics, Mahatma Gandhi University for his valuable guidance, unstinted support and encouragement given to me in suggesting the problem and also during the course of this work.

I extend my sincere thanks to Prof. C. Sudarsanakumar, Director, Prof. N. V. Unnikrishnan, former Director, School of Pure and Applied Physics, Mahatma Gandhi University for providing the facilities. I am thankful to Prof. Chandu Venugopal (former Director), Dr. Indulekha, Dr. Nandakumar, Dr. Antony, Mrs. Saritha A. C., Dr. Cyriac Joseph, Dr. Biju P. R. and Dr. Santhoshkumar for their advice. I am grateful to the administrative, technical and library staff members of School of Pure and Applied Physics, for all the help they have provided.

I do feel very much indebted to Dr. Gopinathan T. G., Dr. S. Krishnakumar, Jesso Annie Mathew, for their enthusiastic support and valuable suggestions. I warmly thank Dr. Deepu Philip, Associate Professor, IIT Kanpur. Also I extend my deep sense of gratitude to Dr. Shaji P., Associate Professor, Cardio Thoracic Surgeon, Department of Cardio Thoracic Surgery, Medical College, Kottayam. I express my sincere thanks to Abraham Kurian, Marine Engeneer, Dr. Sreekanth, Dr. Sreekala O. C., Amrita ViswaVidyaPeetham, Amritapuri Campus.

I have great pleasure to thank Dr. Mahadevan Pillai, Department of Optoelectronics, Kariavattom, Dr. John Britto, Radiation Safety Officer, Rubber Research Institute of India, Kottayam, Dr. Guruswamy, NIIST, Trivandrum, Dr. C. Arunan, Technical Officer, School of Chemical Sciences, Mahatma Gandhi University, Kottayam and Dr. Shibu M. Eappen, Scientist in Charge, CUSAT for their valuable help in analyzing some samples.
The informal support and encouragement in the lab of my friends have been indispensable and I would like to thank Dr. Raji Koshy, Mrs. Vinu T. Vadakkel, Maneesh E. J., Mrs. Sindhu John, Sreekanth K., Dr. Narayan Unni, Dr. Mammen Samuel, Dr. Santhosh K. Potheary, Dr. P. S. Reghupathy, Dr. Nisha S. Panicker, Dr. Jeseentha O. P., Dr. Susan Thomas, Dr. Sreejith K. Pisharody, Dr. Rejimol C. Cheriyan in this regard.

I would like particularly to acknowledge the valuable support of my friends Vipin C. Bose, Dr. Vinodkumar, Dr. Meera A. P., Dr. Rejitha K. S., Dr. Seema, Shiji Krishnan and Dr. Jeeven Job Thomas.

No words to express the sacrifice and patience of my husband, daughter, parents, brothers and other family members. They have been a constant source of inspiration whose loving support, concern and encouragement helped me a lot for successfully completing this Endeavour.

Above all I thank God Almighty who helped me to do this work and for the blessings he has showered upon me.

Rejitha B. R.
