ACKNOWLEDGEMENTS

It is a pleasure to acknowledge gratefully the help, guidance, encouragement and inspiration so freely given by Professor Sarvajit Singh, Department of Mathematics, Maharshi Dayanand University, Rohtak.

I wish to express my deep sense of gratitude to Professor R.K. Tuteja, Department of Mathematics, M.D. University, Rohtak, Dr. I.M.S. Hattar, Principal, University College (Morning Shift) and Sh. K.S. Khanna, Principal, University College (Evening Shift) for their encouragement and for providing the necessary facilities.

I owe my thanks to Dr. H.R. Wason and Sh. M.L. Sharma, Department of Earthquake Engineering, University of Roorkee, Roorkee, for their help in the computation work.

My parents have always been the source of strength and encouragement. The moral support that I received from parents always kept my spirits high during the preparation of this thesis. I will be failing in my duty if I do not acknowledge the help which my wife rendered to me during this arduous task. Her patience, devotion and constant encouragement provided the much needed fillip to my efforts.
