ACKNOWLEDGEMENT

I feel very much privileged to express my profound sense of gratitude to my guide respected Dr V T Ingole, Principal P.R. M. Institute of Technology and Research, Badnera for his valuable guidance extended during this research work.

I am greatly obliged to Hon. Samir Bhujbal, Trustee Mumbai Educational Trust (MET), Bhujbal knowledge city, Nashik, for showing indomitable faith in me. A man of idealism and positive thinking, whose attitude and ideals directed me to pave this difficult path towards my destination. I am highly indebted to Mrs. Shefali S. Bhujbal, for the appreciation and encouragement throughout the research.

I express my sincere gratitude towards Dr. Maryam and Dr. Pradnya for helping me in the decision making process for the work. I don’t have words to express my feelings for Mr Subhash Kelkar, Chief Engg. MSEB, for extending the computing facilities and other support during my difficult days.

I am pleased to accord my indebtedness to Dr Sanjay U. Makh, Head, Department of Electronics Technology, Takshashila Mahavidyalaya Amravati, who reviewed the entire manuscript. His most gracious encouragements and valuable constructive criticism is most sincerely appreciated. My special thanks towards Dr S A Ladhake, Principal, Sipna College of Engineering, Amravati for being so kind and cooperative in facilitating the necessary references and documents required for the research.

I am earnestly grateful to my M.E students, Miss. Neeta Pingale, Mr. Nitin Rajput, M.Prashant Raut, Miss. Trupti Ahir, Miss Kanchan Mandve and Mr. Kaustubh Sakhare for assisting me during work. I am highly thankful to Mr. Srikant Patil, Director
SSGMCE and Principal Dr D. G. Wakade and Prof Kanphade HOD electronics for providing the computational facilities in spiritual environment.

My special thanks to Prof K.K. Warhade, Electronics Dept LTCOE Mumbai for technical discussion in wavelet domain. I wish to acknowledge with due courtesy to the management of MET BKC Nashik and technical and non technical staff for providing the necessary lab facilities for carrying out the work, my special thanks to Prasad, Vivek Kharpude, Dr.Anil Kokate, Dipak Patil, Anil Suryavanshi and S.L.Khairnar, Registrar Mumbai Educational Trust (MET) Bhujbal Knowledge City, Nashik.

I express my sincere gratitude towards Principal S S Yenkar, Former Director BCUD, Amravati University, who always stood by me in my hours of need and incessantly encouraged me to complete this work.

I express my profound regards to my father Shri Manohar Rao G. Wadhai, mother Late Smt Vastulabai Wadhai, my sister Jyoti, and elder brothers Deepak Wadhai, Ashok Wadhai and Avinash Wadhai for the immeasurable encouragements and blessings and the family members for their constant help in my progress.

Of course this task would not have reached to its completion without the support of my wife Mrs Pornima and a neverending question asked by my kids Piyush and Chaitanya ‘Papa, have you finished your Ph.D.? ’

Last but not least I wish to thank all those who helped me directly or indirectly to conclude this thesis.

Amravati
