ACKNOWLEDGEMENTS

It transcends all barriers of written words to express my profound sense of gratitude to my scholarly guide, Dr. K.K. Verma, Reader, Department of Chemistry, M.D. University, Rohtak for his painstaking supervision, inspiring guidance, constant encouragement, wise counsels and great sense of precision in the successful completion of the present work. It is my privilege to have worked under him due to his affectionate attitude and incessant inspiration.

I am also grateful to Prof. Jag Mohan, Head of Chemistry Department, M.D. University, Rohtak for providing necessary facilities and useful discussion on spectral studies. Thanks are also due to Prof. K.K. Sharma, Chemistry Department, M.D. University, Rohtak for encouraging me from time to time.

I feel pleasure in expressing my thanks to Dr. J.D. Singh, Assistant Prof. Department of Chemistry, Indian Institute of Technology, Delhi for getting IR spectra recorded for some of the compounds prepared during this course of study.

The contribution of Dr. (Mrs.) Reena Dahiya and my colleague Mr. Sunil Verma, deserves my hearty thanks because they provided me with the required youthful zest, so necessary for the completion of a thesis.

Above all I gratefully acknowledge the profound debt to my parents because they were the ones on whom I always depended for emotional support.
I am also thankful to Ashoka Computer & Photostate, Pahwa Electrostate Typing Centre, Rohtak for typing the thesis with great care and patience.

And lastly, the financial assistance from Maharshi Dayanand University, Rohtak is gratefully acknowledged.

Place : Rohtak
Dated : 5-11.2000
