List of research papers published

3. Anisotropic expansion and acceleration of the universe driven by tachyonic matter (Published in International Journal of Advances in Science and Technology, ISSN: 2229-5216, Silicon Valley, vol-5, no-1, page-80-86, 2012)

5. Interacting new agegraphic tachyon and bulk viscous models of dark energy in Bianchi type-I anisotropic universe (Accepted for publication in International Electronic Journal of Pure and Applied Mathematics, ISSN: 1314-0744, Academic Publications, Ltd.)
