Chapter: (I) INTRODUCTION 1-12
1.1 Statement of the problem.
1.2 Objective.
1.3 Research questions.
1.4 Database and methodology.
1.5 Review of relevant literature.

Chapter: (II) SELECTED DISTRICTS OF ASSAM: A GEOGRAPHICAL BACKGROUND 13-46
2.1 Physical background.
2.1.1 Geology.
2.1.2 Physiography.
2.1.3 Soils.
2.1.4 Climate.
2.1.5 Natural Vegetation.
2.2 Socio-economic background.
2.2.1 Population Growth.
2.2.2 Population distribution and density.
2.2.3 Ethnic composition of population.
2.2.4 Social composition of population.
2.2.5 Religion Composition
2.2.6 Transportation and communication.
2.2.7 Economy

Chapter: (III) MATERNAL HEALTH CARE 47-117
3.1 Antenatal care services.
3.2 ANC not taken by total women.
3.3 ANC not taken by Residence.
3.4 One to two times ANC.
3.5 Three and above ANC.
3.6 Three and above ANC by Residence.
3.7 ANC at first trimester.
3.8 ANC at 1st trimester by residence.
3.9 ANC at second trimester.
3.10 Weight measured during Pregnancy.
3.11 Weight taken by residence.
3.12 Blood Pressure measured during Pregnancy.
3.13 Blood Pressure measured by Residence.
3.14 Iron and Folic Acid tablets.
3.15 Women given IFA by Residence.
3.16 TT injection.
3.17 TT injection by Residence.
3.18 Full Antenatal Care.
3.19 Full ANC by Residence.
3.20 ANC not visited amount Difference castes.
3.21 1-2 times ANC visit by castes.
3.22 Three times ANC visit by castes.
3.23 ANC visit in 1st trimester by castes.
3.24 ANC visit in 2nd trimester by castes.
3.25 Weight measured during Pregnancy by castes.
3.26 Blood Pressure measured by castes.
3.27 IFA by castes.
3.28 TT injection by castes.
3.29 Two TT injections by castes.
3.30 Full ANC by castes.
3.31 Not visited ANC by mothers’ education.
3.32 1-2 times of ANC visit by mothers’ education.
3.33 3rd and above ANC by mothers’ education.
3.34 IFA tablets by mothers’ education.
3.35 TT injection by mothers’ education. 87
3.36 Full ANC by mothers’ education. 88
3.37 Standard of living of household. 90
3.38 ANC at 1st trimester by standard of living. 93
3.39 IFA by standard of living. 94
3.40 Natal care. 95
3.41 Institutional delivery. 96
3.42 Home delivery. 98
3.43 Home delivery Assisted by untrained dais and others. 99
3.44 Institutional delivery by castes. 101
3.45 Home delivery by castes. 102
3.46 Home delivery assisted by untrained dais and others by castes. 103
3.47 Institutional delivery by mother’s education. 104
3.48 Home delivery by mother’s education. 105
3.49 Home delivery assisted by untrained dais and others by mother’s education. 107
3.50 Institutional deliveries by standard of living. 108
3.51 Home delivery by standard of living. 109
3.52 Home delivery assisted by untrained dais by standard of living. 111
3.53 Post Natal care. 112
3.54 Post Natal checkup by castes. 113
3.55 Post Natal care by mother’s education. 114
3.56 Post Natal care by standard of living. 115

Chapter: (IV) IMMUNIZATION OF CHILDREN 118-139

4.1 BCG Vaccination. 118
4.2 DPT Third Dose. 119
4.3 Polio 3rd dose. 121
4.4 Measles given to children. 122
4.5 Full immunization. 123
4.6 BCG vaccination by castes. 125
4.7 DPT Vaccination by castes. 126
4.8 Polio 3rd dose among castes.
4.9 Full immunization among castes.
4.10 BCG vaccination by sex.
4.11 Third dose of DPT by sex of child.
4.12 Third dose of polio.
4.13 Full vaccination by sex.
4.14 BCG vaccination by mothers' education.
4.15 Third dose of DPT vaccination by mothers' education.
4.16 Third dose of Polio by mothers' education.
4.17 Full immunization by mothers' education.

Chapter: (V) CASE STUDY

5.1 Ante natal care services.
5.2 Women visited at 1st trimester.
5.3 Weight measured during Pregnancy.
5.4 Blood pressure measured.
5.5 IFA Given Women
5.6 TT Given Women
5.7 Full ANC by Residence.
5.8 Three and above times ANC.
5.9 Visited at 1st trimester by caste.
5.10 Weight Taken by castes.
5.11 Blood Pressure measured by castes.
5.12 IFA by castes.
5.13 One TT by castes.
5.14 Full ANC by castes.
5.15 1 to 2 times ANC by mothers’ education.
5.16 Women had IFA by education.
5.17 TT injection mothers’ education.
5.18 Full ANC by mothers’ education.
5.19 ANC visited at 1st trimester by standard of living.
5.20 Institutional delivery.
5.21 Home delivery by Residence.
5.22 Post natal check-up by Residence.
5.23 BCG vaccination by Residence.
5.24 DPT by Residence.
5.25 Polio 3rd dose by Residence.
5.26 Measles by Residence.
5.27 Full vaccination by Residence.
5.28 Full vaccination by castes.
5.29 Full vaccination by Sex of Children.
5.30 Full vaccination by mothers’ education.

Chapter: (VI) SUMMERY AND CONCLUSION

6.1 Summery.
6.2 Conclusion.

Appendices bibliography
