Acknowledgment

This research is an attempt to evaluate the status of aged women and their living arrangements in Kamrup District of Assam. At the very outset, I sincerely acknowledge my esteemed guide and supervisor Dr. Anup Saikia, Professor, Department of Geography, Gauhati University for his valuable support and constant encouragement, provocation for thinking and rethinking and his very sincere guidance from the beginning till the end of the task of preparing this thesis. It is mainly because of him that I could complete my work within the time. Besides he had given me full autonomy in conducting my research.

I am also thankful to my seniors and colleagues at Assam Institute of Management for their suggestions and encouragement during the study. I am grateful to the Department of Geography, Gauhati University and the Directorate of Census Operations, Assam for providing me the necessary support.

I shall be failing in my duty unless I extend my gratitude to my parents for their blessings and inspiration. I also express my thankfulness to my husband, elder brother and all other family members for their support and encouragement.
