ACKNOWLEDGEMENT

I place on record my profound sense of gratitude to the Lord Almighty for the wisdom and grace he has showered upon me in the successful completion of this research endeavor. I would like to record here my deep indebtedness and heartfelt gratitude to my research advisor Dr. K. Meena M.Sc., M.Phil., M.E., Ph.D., Principal and Head of the Department of Computer Science, Shrimati Indira Gandhi College, Tiruchirapalli for her valuable guidance, timely encouragement and professional advice. I would always cherish her professional competence, academic leadership and friendly disposition.

I am immensely grateful to Sri. S. Kunjithapatham, Secretary and Correspondent, Shrimati Indira Gandhi College, Tiruchirapalli and Rt. Rev. Dr. D. James Srinivasan, Bishop and Chairman, College Governing Board, Bishop Heber College, Tiruchirapalli for their patronage.

I am, in a special way, thankful to Prof. D. Swamiraj, Director, Bishop Heber College, Tiruchirapalli for his inspiring motivation and encouragement. It is my bounden duty to thank Dr. M. Marcus Diepen Boominathan, Principal, Bishop Heber College, Tiruchirapalli for his unflinching support.

I am deeply grateful to Dr. S. Kuppusamy, Dean of Sciences, Pondicherry University, Pondicherry, for his valuable suggestions to me in carrying out this research work.
I acknowledge my special indebtedness to Dr. G. Gopalakrishnan, Psychiatrist, Director and Chief Executive Officer, Sowmanasya Hospital, Centre for Psychiatric Rehabilitation, Education and Research, Tiruchirapalli, Tamil Nadu, for the assistance rendered during the administration of the Psychological tests and also for helping me get access to the Sowmanasya research library.

I express my deep sense of gratitude to Mr. Rajendran, and Ms. Swetha, Psychiatric Social Workers, Sowmanasya Hospital, for their technical, physical and moral support in administering the Imaging, AMS and WAPIS tests in Sowmanasya Hospital, Tiruchirapalli, NIMHANS, Bangalore, Neuro Clinic, Tiruchirapalli and other places. I wish to express my sincere thanks to Prof. T.K. Kathirkaman, Clinical Psychologist, Thanjavur Medical College, Thanjavur, Dr. Sundararajan, Neurologist, and Dr. Ramakrishnan, Neuro Psychiatrist, Neuro Brain and Psychiatry Centre, Tiruchirapalli for their technical, and clinical counsel.

I am grateful to Dr. Mukuntan, HOD of Clinical Psychology, National Institute of Mental Health and Neuro Sciences (NIMHANS), Bangalore, for allowing me access to the software CYCLIT, and for permitting me to use the Neurology Lab for administering Neuro Imaging tests, and to refer journals in the digital library, NIMHANS, Bangalore.

I express my sincere gratitude to Prof. P. Natarajan, Head, Department of English (Retd.) and General Coordinator, Bishop Heber College, who shaped this thesis and all research publications related to it. The research work could not have been conceived, let alone accomplished, but for the permission granted and the facilities and willing co-operation extended for this study by the Principal, Kalai Kauvery College of
Fine Arts, Tiruchirapalli, Students of the College, Dean, and students of K.A.P. Viswanathan Medical College, Tiruchirapalli. I remember them with gratitude.

I would like to thank Dr. K.R. Subramanian, Department of Mathematics and Computer Applications and members of staff of the Department of Computer Science, Department of Computer Applications and the non-Teaching Staff of Shrimati Indira Gandhi College for their support and timely help in my doing this research successfully. I am thankful to Dr. S. Selwyn Stanley, and Dr. Umesh Sameul of the Department of Social Work, Bishop Heber College, Tiruchirapalli and my colleagues and student friends for extending their support in this arduous endeavor.

My parents, Mr. and Mrs. A. Ramanathan, have been, as ever, a great source of inspiration and edification to me. This thesis would not have seen the light of day but for the utmost care, persistent motivation and fillip provided in ample measure by my wife, Ms. Lakshmi and my daughter, Selvi. Sharmili, throughout this arduous journey of research. My heart goes forth in acknowledging their love, concern and encouragement. There are many other good friends and well-wishers who have rendered me help in great or small measure in the successful completion of this project. I am grateful to all of them.

R. Dhanapal
