

### ACKNOWLEDGEMENTS

I wish to record my sincere thanks to my Research Adviser, Dr. Mrs. Sulochana Nagarajan, Assistant Professor of Chemistry, Regional Engineering College, Tiruchirappalli-620015. She steered my research wheel to glorifying heights with her intellectual acumen and sagacity. It is her depth of knowledge, constant inspiration, dedication, affection, co-operation and motivation that gave me the necessary support and strength to complete this piece of work.

I am grateful to Dr. D. Venkappayya, Professor and Head and Dr. S. Krishnamoorthy, Professor, Department of Chemistry, Regional Engineering College, Tiruchirappalli for all their encouragement and help during my period of research study in the department. I am thankful to all other Teaching and Non-Teaching Staff of the Department who had been helpful to me in the progress of my research work.

I am also thankful to the Principal, Regional Engineering College, Tiruchirappalli for his keen interest in encouraging me as a Research Scholar.

(iv)

I would be failing in my duty if I do not acknowledge with deep sense of gratitude the help rendered at both academic and administrative levels by Prof. D. Swamiraj, Principal and all the Members of the Board of The Management of Bishop Heber College, Tiruchirappalli-620017.

I thank the University Grants Commission, New Delhi for the award of a Research Fellowship under the Faculty Improvement Programme Scheme enabling me to complete my work successfully.

I am indebted to Dr. N.S. Subramanian, Head of the Department of Chemistry, Bishop Heber College, Tiruchirappalli for his kind generosity, understanding and help. With deep sense of gratitude, I also express my thanks to retired Professors Mr. R. Thomas Ponnusamy and Dr. C. Barnabass for their valuable suggestions. I place on record with gratefulness the ready help and constructive suggestions rendered by Dr. Edison Raja Chellasamy. I am thankful to all the other staff (Teaching as well as Non-Teaching) of the college who had been helpful to me in the progress of the research work.

(v)

I express my thanks to The Director, Dr. V.S. Muralidharan, Dr. M. Noel, Dr. Sheela Berchman, Dr. Pitchumani and Miss V.L. Vasantha, CECRI, Karaikudi, for their kind permission, valuable suggestions and ready help to carry out Cyclic Voltammetric studies.

I wholeheartedly thank the Chief Medical Officer and Mr. S. Gopalakrishnan, BHEL Hospital, Tiruchirappalli for their permission and help to carry out antimicrobial studies.

I remember with gratitude the help I received from Dr. M. Palaniyandavar and Miss S. Usha, Department of Chemistry, Bharathidasan University, Tiruchirappalli in carrying out a few Cyclic Voltammetric studies.

I thank Mr. G. Chokkalingam, for the neat and efficient typing of the Thesis and Mr. C. Natarajan for his neat tracing work.

It is my bounden rather than perfunctory duty to appreciate the great sense of understanding and spirit of forbearance that my kith and kin have remarkably exercised during many a crucial stage of this work.

(vi)

I express my deep sense of appreciation to all the well-wishers, who have helped me in various ways in completing my Thesis work.

I pay my homage to The Almighty for all inscrutable means by which He has fructified my efforts.
