

ACKNOWLEDGEMENT

I wish to extend my sincere thanks and gratitude to the following for their help and co-operation in completing the study.

It is with profound gratitude and respect that I express my sincere thanks to my Research Supervisor and Guide Dr.R.Shankar M.A.,M.Phil, Ph.D., Professor & Head, Department of Sociology, Bharathidasan University, under whose able and valuable guidance, thought provoking ideas, constant inspiration and continued encouragement I could carry out the present piece of research work for my Ph.D Programme.

Dr.R.Shankar is both a liberal and a hard-task master. He gave me freedom but also made me feel responsible. He knew my limitations, but encouraged me to discover my potentials. He was positive, but wanted me to be modest in my attempts to seek Sociological truths. He never thrust his ideas upon me, but encouraged me to develop my thoughts independently.

I am also equally thankful to Dr.C.Venkatachalam, Lecturer, Department of Sociology, Bharathidasan University, and Dr.M.Ravichandran, Reader, Department of Economics, Bharathidasan University, for their constant encouragement and support, extended towards me all through my research work.

I owe special debt of gratitude to my beloved parents, sister who have helped and cooperated in various ways during my research work.

I record with respect and sincere thanks the benevolence and kind cooperation of the Panchayat Presidents, SEVAI Chairman, Tamil Nadu Pollution Control Board staff and Primary health center doctors of Allur and Meakudi village panchayats of Tiruchirappali district during my field visit.

I owe my gratitude to the villagers of Allur and Meakudi (Anthallur Block of Tiruchirappali District) who patiently and sometimes very interestingly

answered my questions during the interview and also for their kindness and hospitality.

I convey my heartfelt thanks to all those who have given prior support to all my friends, colleagues and all others who have helped me directly or indirectly in carrying out this research work successfully.

Lastly I thank MSS Software Consultancies, Kumaran Nagar, and Tiruchriappali for the meticulous typing of the thesis.
