ACKNOWLEDGEMENT
LIST OF TABLES
LIST OF FIGURES

PART I: INTRODUCTION TO THE PROBLEM
CHAPTER 1: INTRODUCTION 1-9
  1.1 Introduction
  1.2 Statement of the problem
  1.3 Importance of traffic planning
  1.4 The study area
  1.5 Objectives and research questions
  1.6 The approach
  1.7 Organisation of the work
  1.8 Significance of the study

PART II: MASTER PLANS UNDER STUDY WITH SPECIAL REFERENCE TO TRANSPORT PLANNING
CHAPTER 2: MASTER PLANS OF TOWNS IN ASSAM 10-26
  2.1 History of urban planning in Assam
  2.2 General characteristics
  2.3 Contents of the master plans
  2.4 The shortcomings
  2.5 Zoning regulations: the chief tool in the master plans
  2.6 Network structure in the urban master plans
  2.7 Provision for road traffic planning in the urban master plans

CHAPTER 3: APPRAISAL OF A FEW URBAN MASTER PLANS OF ASSAM WITH SPECIAL REFERENCE TO ROAD TRAFFIC PLANNING 27-48
  3.1 Appraisal of master plan for Guwahati
  3.2 Appraisal of master plan for Goalpara
  3.3 Appraisal of master plan for Dibrugarh

CHAPTER 4: ROAD TRAFFIC PLANNING: A BRIEF REVIEW OF RELEVANT WORKS 49-69
  4.1 Transportation planning models
  4.2 Some of the operational land use-transport models
  4.3 Using integrated land use models in policy making: an assessment
  4.4 Views of Buchanan on the transport planning
  4.5 Conclusion

PART III: TRAFFIC PLANNING IN SMALL TOWNS OF ASSAM
CHAPTER 5: METHODOLOGY FOR TRAFFIC PLANNING STUDY: THE CASE OF TEZPUR TOWN 70-89
  5.1 Transport plans with affordable information
  5.2 Case study method
  5.3 Survey method
  5.4 Examination of functional zoning in Tezpur and land use patterns
  5.5 Examination of environmental quality
5.6 Examination of settlement pattern
5.7 Examination of service distribution in Tezpur
5.8 Structure of the road network
5.9 The horizon year
5.10 Projection of population and traffic
5.11 Data base for the study and tools

CHAPTER 6: TRAFFIC PLANNING IN TEZPUR MASTER PLAN AREA 90-163

6.1 Present situation
6.2 Population projection and future trend in traffic
6.3 Pattern of the daily trip and modal choice
6.4 Future increase in the number of vehicles
6.5 Future directions
6.6 Desirable policy objectives
6.7 Model for integrated transport and land use policy objectives
6.8 The strategy
6.9 The town centre
6.10 Conclusions

PART III: SYNTHESIS

CHAPTER 7: SUMMARY AND CONCLUSION 164-178

7.1 Summary
7.2 Findings of the study
7.3 Suggestions
7.4 Conclusion

BIBLIOGRAPHY 179-190

GLOSSARY FOR LOCAL WORDS 191

APPENDICES 192-203

A.1.1 Schedule for the household survey in 14 villages and two wards of Tezpur master plan area.
A.1.2 Summary sheet of household survey of 14 villages and two wards of Tezpur master plan area
A.2 The land use key used for recording land use information during the survey.
A.3 Urban shopping and environmental index.
A.4 Tables for road side inventory.
A.5 Prescribed capacity for road widths.
A.6 Vehicles registered and number of vehicles on road of Sonitpur district.
A.7 Estimated trips of different zones (based on the surveyed villages).
