ACKNOWLEDGEMENT

I wish to record a deep sense of gratitude to my Research Supervisor, Dr. D. Jeyakumar, Scientist, Electrodics and Electro catalysis Division, for introducing me to the field of electrochemistry with modified electrodes in particular and in general and his interest, constant encouragement and intellectually stimulating discussions. I have great privilege to work with this mentor. He has been more friend than a supervisor.

I express my sincere thanks to Prof. G.V. Subba Rao, former Director and Dr. M. Raghavan, Director, CECRI, Karaikudi for his kind permission to carry out this research work.

I am thankful to Dr. G. Prabhakara Rao, former Deputy Director and Dr. P. Radhakrishnamurthy, Head, Electrodics and Electro catalysis Division for their support.

I thank Dr. S. V. K. Iyer, Dr. M. Vijayan and Er. R. Kalidass for their suggestions and help during the course of my research work.

I express my sincere thanks to Dr. R. M. Krishnan, Head, Electroplating section and his colleagues for their help.

Thanks are due to Drs. V. Yegnaraman, S. Pitchumani, KLN. Phani, R. Vittal, James Joseph, M. Murugesan and Mrs. Sheela Berchmans.

I am grateful to my senior friends Drs. A. Burkanudeen, R. Santhanam and M. Kottai Samy for their kind help during the course of stay.
