Acknowledgement

"First and foremost, I feel always indebted to ALLAH, the most beneficent and merciful"

I would like to express sincere gratitude, thankful and deep appreciation to Department of Biotechnology (DBT), Government of India, New Delhi, India and The Academy of Sciences for the Developing World (TWAS), Italy for the award of Postgraduate Fellowship given to me and utilized at CSIR - NEIST, Jorhat, Assam, India, and for providing all the financial assistance to carry out this research work.

I am deeply obliged to Dr. P.G. Rao, Director, CSIR - North East Institute of Science & Technology, Jorhat, Assam, India, for providing necessary help during the course of my endeavour and for moral boost during difficult times.

With immense pleasure, I wish to place on record my deep sense of gratitude to my guide Dr. T.C. Bora, Head of Biotechnology Division, CSIR - North East Institute of Science & Technology, Jorhat, Assam, India, for his valuable advice, continuous encouragement throughout the entire course of this work.

My most heartfelt thanks goes to my guide Dr. Manab Deka, Professor, Department of Biotechnology, Gauhati University, Guwahati, Assam, India for guiding me with his wealth of knowledge and whose guidance stimulating suggestion and encouragement helped me during this research work.

I am highly indebted to Dr. Dileep Kumar B.S., Scientist E-II, Biotechnology Division, CSIR - North East Institute of Science & Technology, Jorhat, Assam, India, for his valuable advice and suggestions.

Special Thanks and deepest gratitude to Dr. Palash Dep Nath, Professor, Department of Plant Pathology, Assam Agricultural University, Assam, India for his great help in molecular biology work, encouragement and valuable advice.

I gratefully acknowledge my sincere gratitude to all the scientists and staff of CSIR - North East Institute of Science & Technology, Jorhat, Assam, India, who contributed to me by means of suggestion and inspiration.

I would like to express sincere gratitude and thankful to the authority of Plant Pathology Research Institute, Agriculture Research Centre, Cairo, Egypt for granted me the study leave during when this work has done and encouragement helped me during this research work.
I will always remain grateful to all my friends and well-wishers who were a source of enlightenment and amiable encouragement during my academic pursuit.

I express my heartfelt gratitude to my loving parents, fiancée, brothers, sisters and all my family members for the love, moral support they have provided throughout my life, their affectionate blessing and persistent encouragement during this study.
