ACKNOWLEDGEMENTS

This work would never have been a reality had it not been for contributions from several individuals. At first my very sincere thanks go to the my guide Dr. Abani Kumar Misra, Professor, Department of Chemistry, Gauhati University, Guwahati, Assam for his constant supervision and guidance that has greatly improved the contents and presentation of this thesis.

I shall remain indebted to Dr. P. J. Das, professor and Head, Department of Chemistry, Gauhati University for his valuable help an inspiration in every phase of this work.

I would like to thank Dr. A. K. Ozah, Principal, Chaiduar College and my colleagues for their encouragement during the study.

I would like to thank Director of DRL, Tezpur, Assam, Director of NERIWALM, Tezpur, Assam for their moral and technical supports and suggestions during my Ph. D. work.

I would like to offer my sincere thanks to Mr. Manoranjan Nath NERIWALM, Tezpur for his technical support.

I would specially like to thank Dr. Mridul Chetia, Lect. Dept. of Chemistry, D. R. College, Golaghat for his constant support of during my research period.

I am incredibly grateful to Dr. Bhabajit Bhuyna Lect. Dept. of Chemistry, Lakhimpur College, Assam and Prof. Chandan Mohanta, Department of Civil Engineering, IIT, Guwahati, Assam, who encourage me a lot during my Ph. D work.

My sincere thanks go to Mr Manas J. Nath, SRF of DRL, Mr. Monjit Borthakur, O.K. D. institute for their helping hands in GIS mapping of the study area.
With profound respect, I would like to offer my gratitude to my parents, father-in-law for their blessings and my brother Jogadev and sister Pompi for their inspiration.

I also acknowledge my sister-in-law Jagat Bormudoi, brother-in-law Amio Borah, my friend Indrajit Kalita Dept. of English, Chaiduar College for their encouragement.

Last but not least, I acknowledge the encouragement and inspiration of my wife Kalpana and daughter Mainu during the research work.

Finally, I fully accept all the responsibility for any omission, errors or other defects that may have remained in this thesis.
