ACKNOWLEDGEMENT

At the very outset, with deep sense of gratitude I would like to take the opportunity to offer my sincere and humble thanks to Dr. A. K. Talukdar, Professor, Department of Chemistry, Gauhati University for his guidance, supervision and encouragement throughout the period of this investigation and also for devoting valuable time in going through the draft thesis.

I would like to offer my sincere thanks to Prof. B.C. Goswami and Prof. A. K Misra, Former Heads of Department of Chemistry and Prof. P.J. Das, Head of Department of Chemistry, Gauhati University for allowing me to use the laboratory of the Chemistry Department, Gauhati University.

I would like to offer my sincere thanks to Gajen Deka, Forensic laboratory, Guwahati, Assam and Somik Dey, research scholar, Tezpur University, for their suggestions and helps in my research works.

I am thankful to Kriti Kamal, Durlov, Nava and all other friends for their encouragement and help in the field of research works.

With profound respect, I would like to offer my gratitude to my father late Maheswar Thakuria and mother Smt. Manomati Thakuria and my younger brother Sri Hemanta Thakuria for their inspiration.

Last but not the least, I acknowledge the encouragement and inspiration of my wife Jonti Thakuria, daughters Upasana and Antara during the research works.

Finally, I accept all responsibility for any omission, errors or other defects that may have remained in this thesis.

Munindra Nath Thakuria
