CONTENTS

Abstract

Chapter I
General Introduction 1
Aim and Scope of this thesis 8
Reference 9

Chapter II
2.0 General Introduction 14
  2.0.1 Preparation of Sc(OTf)₃ 15
  2.0.2 Catalytic application of Sc(OTf)₃

2.1 Section A
  2.1.1 Introduction 28
  2.1.2 Review of literature 28
  2.1.3 Present work (Objective) 32
  2.1.4 Results and discussion 33
  2.1.5 Possible mechanism 38
  2.1.6 Conclusion 38
  2.1.7 Experimental Section 39

2.2 Section B
  2.2.1 Introduction 47
  2.2.2 Review of literature 48
  2.2.3 Present work (Objective) 50
  2.2.4 Results and discussion 51
  2.2.5 Mechanistic aspects 57
  2.2.6 Conclusion 58
  2.2.7 Experimental Section 59

2.3 References 64
## Chapter III

3.1 Introduction 47  
3.1.1 Types of catalysts 76  
3.1.2 Hydrogen donors 81  
3.1.3 Promoters 82  
3.1.4 Effect of temperature and solvent 83  
3.2 Review of literature 86  
3.3 Present work (Objective) 91  
3.4 Results and discussion 92  
3.5 Conclusion 96  
3.6 Experimental Section 97  
3.7 References 102

## Chapter IV

4.1 Introduction 108  
4.2 Review of literature 109  
4.3 Present work (Objective) 112  
4.4 Results and discussion 113  
4.5 Conclusion 120  
4.6 Experimental Section 121  
4.7 References 127

## Chapter V

5.0 General Introduction 130  
5.0.1 Properties of Cul 130  
5.0.2 Synthesis of Cul 131  
5.0.3 Organic reactions catalyzed by Cul 131  

5.1 Section A 155  
5.1.1 Introduction 156  
5.1.2 Review of literature 157  
5.1.3 Present work (Objective) 165  
5.1.4 Results and discussion 166
5.1.5 Probable mechanism 171
5.1.6 Conclusion 172
5.1.7 Experimental Section 173

5.2 Section B 178
5.2.1 Introduction 179
5.2.2 Review of literature 180
5.2.3 Present work (Objective) 184
5.2.4 Results and discussion 185
5.2.5 Probable mechanism 192
5.2.6 Conclusion 193
5.2.7 Experimental Section 194

5.3 Section C 200
5.3.1 Introduction
5.3.2 Review of literature
5.3.3 Present work (Objective) 213
5.3.4 Results and discussion 214
5.3.5 Probable mechanism 219
5.3.6 Conclusion 220
5.3.7 Experimental Section 221

5.4 References 226
