ACKNOWLEDGEMENT

This research work aims to investigate the present scenario of Mathematics education at school based on examination results, teachers competency and parents awareness through application of fuzzy logic and basic statistics.

At the very outset, I offer my deep sense of gratitude to Prof. N. R. Das, Professor, Department of Mathematics, Gauhati University, who conceptualized my effort and idea in the form of research work and took constant care, supervised and guided me throughout the study period. I am also thankful to all the Faculty members of the Department of Mathematics, Gauhati University for their continuous support during my study period.

The 10th standard mathematics education provided by the Secondary and Higher Secondary Schools of Nalbari District have been principle substance of my study. Besides the cooperation of the Head of the Schools, the overwhelming support of the teachers and students of these Schools remained as my major strength. The assistances obtained from the 21 Schools of this district are gratefully acknowledged. I am also grateful to the concerned education Departments of Nalbari District for providing me required information.

The guidance and assistances obtained from the Omio Kumar Das Research Institute, Guwahati have been another essential tool helping me to complete my work. I am greatly indebted and offer my deep sense of gratitude to Dr. Indrani Dutta Choudhury, Ex Director; Mr. Jaydev Baruah, Faculty Member.
and Mr. Rustam Ali, Library Assistant, Omio Kumar Das Research Institute for their sincere co-operation and suggestion.

The untiring support obtained from all of my colleagues of Barbhag College including Dr. S. K. Talukdar and R. C. Kalita, Principal and Vice Principal, respectively; Mr. S. N. Kakati, Ex-Head, Dept. of Mathematics; Mr. P. K. Deka, Associate Professor & Head of the Dept. of Mathematics; Dr. Rantu Mani Deka, Assistant Professor, Dept. of Zoology; Mr. Ajit Kumar Sarma, Associate Professor, Dept. of English are gratefully remembered.

Special thanks are also due to Mr. Prakash Deka, Assistant teacher, Hanson’s English School, Nalbari, Mr. Gokul Deka, Computer Teacher, Bangaon Higher Secondary School, Mr. Raju Bordoloi, Assoc. Prof., Bilasipara College and Mr. Raju Dutta, Swift Computer Press for their support in performing my works at different stages.

The continued moral support rendered by the members of my joint family and Baideo & Bhindeo have been my major source of inspiration to complete this work. Specially, my younger brother, Deben, in spite of his pressing engagement at Tezpur University, is providing all critical support. Similarly well-wishes of my elder brothers have also been my source of inspiration. Finally, my wife Gitika, son Jonak (Pranjit) and daughter Marjita need special mention, as their care and constant encouragement are keeping my tempo high to perform this academic job.
